

# Mirage Mitigation Hood ODG

[Rifle Parts](#) > [Forend & Handguard Parts](#) > [Handguard & Rail Accessories](#) > [Rail Covers](#)

The Mirage Shield/NV Bridge is a dual purpose, precision machined, add-on accessory for the MDT ACC chassis. While the main purpose of the mirage shield is to help mitigate mirage and maintain a clear view of your target in sustained strings of fire, it also provides the ability for hunters and operators to attach a night vision optic to their system. For competitors, the mirage shield also gives you better available surface to control the front of your rifle, without having to grab a hot barrel.

# MDT Mirage Mitigation Hood Safety Instructions

## Introduction

Thank you for choosing the MDT Mirage Mitigation Hood. This product is designed to enhance your shooting experience by mitigating mirage effects and providing a mounting option for night vision optics. To ensure safe and effective use of the MDT Mirage Mitigation Hood, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Ensure you are familiar with the operation of your firearm before using the MDT Mirage Mitigation Hood.
- Always treat your firearm as if it is loaded, even if you believe it is not.
- Use the MDT Mirage Mitigation Hood only as intended and according to the instructions provided.
- Store the MDT Mirage Mitigation Hood in a cool, dry place away from direct sunlight and moisture.
- Regularly inspect the product for any signs of wear or damage before use.
- Keep the product out of reach of children and unauthorized users.

## Specific Safety Precautions for Use

- **Hot Surfaces:** The barrel of the rifle can become extremely hot during use. Avoid direct contact with the barrel to prevent burns.
- **Night Vision Optics:** Ensure that the night vision optic is securely attached to the MDT Mirage Mitigation Hood before use. Follow the manufacturer's instructions for your specific optic.
- **Environmental Conditions:** Be aware of your surroundings and environmental conditions that may affect visibility and safety, such as strong winds or extreme temperatures.
- **Shooting Position:** Use the MDT Mirage Mitigation Hood in a stable shooting position to maintain control and accuracy.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your MDT ACC chassis is clean and free of debris.
- Align the MDT Mirage Mitigation Hood with the mounting points on the chassis.
- Securely attach the hood using the provided hardware, ensuring all screws are tightened to prevent movement during use.
- If attaching a night vision optic, follow the specific instructions for that device to ensure proper alignment and security.

### 2. Usage:

- When preparing to shoot, ensure the MDT Mirage Mitigation Hood is properly positioned to effectively reduce mirage.
- Maintain a firm grip on the rifle, utilizing the surface area provided by the hood for better control.
- After use, allow the barrel and the hood to cool down before handling, especially if the rifle has been fired for an extended period.

## Disposal Instructions

- Dispose of the MDT Mirage Mitigation Hood in accordance with local regulations regarding the disposal of aluminum and other materials.
- Do not dispose of the product in regular household waste. Instead, check for recycling options in your area.

## **Contact Information for Further Support**

For any inquiries or support related to the MDT Mirage Mitigation Hood, please refer to the manufacturer's customer service resources or website for assistance.

Thank you for your attention to these safety instructions. Enjoy your experience with the MDT Mirage Mitigation Hood while ensuring safety and compliance with all guidelines.
