

Mirage Mitigation Hood White

[Rifle Parts](#) > [Forend & Handguard Parts](#) > [Handguard & Rail Accessories](#) > [Rail Covers](#)

The Mirage Shield/NV Bridge is a dual purpose, precision machined, add-on accessory for the MDT ACC chassis. While the main purpose of the mirage shield is to help mitigate mirage and maintain a clear view of your target in sustained strings of fire, it also provides the ability for hunters and operators to attach a night vision optic to their system. For competitors, the mirage shield also gives you better available surface to control the front of your rifle, without having to grab a hot barrel.

MDT Mirage Mitigation Hood Safety Instruction Guide

Introduction

Thank you for choosing the MDT Mirage Mitigation Hood. This product is designed to enhance your shooting experience by mitigating mirage and providing a platform for night vision optics. Please read this safety instruction guide carefully to ensure safe usage and maintenance of your product.

General Safety Guidelines

- Always inspect the product before use to ensure it is in good condition.
- Use the product only for its intended purpose as described in this guide.
- Keep the product out of reach of children and vulnerable individuals.
- Do not modify or alter the product in any way.
- Report any unsafe conditions or product malfunctions to the appropriate authorities.
- Familiarize yourself with the recall procedures and check for updates on the EU Safety Gate platform.

Specific Safety Precautions for Use

- **Hot Surfaces:** The mirage shield can become hot during use. Avoid direct contact with the shield or any part of the rifle that may be heated.
- **Night Vision Optics:** Ensure that night vision optics are securely attached. Improper installation may lead to accidents or damage.
- **Handling:** Always handle the product with care. Use gloves if necessary to avoid burns or injuries.
- **Shooting Environment:** Be aware of your shooting environment. Ensure that you have a clear line of sight and that no one is in the vicinity of your shooting area.
- **Storage:** Store the product in a cool, dry place when not in use to prevent damage.

Instructions for Installation and Usage

1. Installation:

- Ensure the MDT ACC chassis is clean and free of debris.
- Align the Mirage Shield/NV Bridge with the mounting points on the chassis.
- Securely fasten the shield using the provided hardware, ensuring it is tightly fitted to avoid movement during use.

2. Usage:

- Before shooting, adjust the mirage shield to the desired position to effectively mitigate mirage.
- If using with night vision optics, ensure that the optics are properly calibrated and adjusted for optimal performance.
- Maintain a steady grip on the rifle, utilizing the surface provided by the mirage shield for better control.

Disposal Instructions

- Dispose of the product in accordance with local regulations for aluminum materials.
- Do not dispose of the product in regular household waste. Instead, take it to a designated recycling center or facility that accepts aluminum products.

Contact Information for Further Support

For any inquiries regarding the MDT Mirage Mitigation Hood, please refer to your local distributor or retailer for assistance. They can provide further guidance on product safety, usage, and maintenance.

Thank you for prioritizing safety while using the MDT Mirage Mitigation Hood. Enjoy your enhanced shooting experience!
