

BENCH-REST-SEATERS FOR RIFLE CALIBERS - TRIEBEL Bench-Rest-Seater 223 Remington - 7/8"

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of "bullet runout", there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity.

Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

Specs:

- Thread: 7/8"

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

TRIEBEL BenchRestSeaters for Rifle Calibers

Safety Instructions

Introduction

Thank you for choosing the TRIEBEL BenchRestSeater 223 Remington. This product is designed to provide the highest precision in seating match bullets. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always verify that the workspace is clear of obstructions and hazards before use.
- Keep the product out of reach of children and unauthorized persons.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling ammunition and working with the seater.
- Regularly inspect the product for any signs of wear or damage before use.
- Report unsafe products or accidents to the relevant authorities immediately.
- Stay updated on recall notices by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Only use the TRIEBEL BenchRestSeater with compatible cartridges, specifically the 223 Remington.
- Ensure that the seaterhead is properly attached before use to avoid accidents.
- Do not exceed the recommended thread specifications of 7/8".
- Avoid using the product in wet or damp conditions to prevent electrical hazards.
- Follow proper handling procedures when working with ammunition to avoid misfires or accidents.
- Ensure that the workspace is wellventilated when using any chemicals or lubricants.

Instructions for Installation and Usage

1. Installation of the Seater:

- Ensure that the reloading press is securely mounted and stable.
- Attach the TRIEBEL BenchRestSeater to the reloading press using the 7/8" threads.
- Tighten securely, but do not overtighten to avoid damaging the threads.

2. Using the Seater:

- Prepare the cartridge case by ensuring it is clean and free of debris.
- Place the match bullet into the seater.
- Insert the cartridge case into the guide sleeve of the seater.
- Slowly and steadily press down on the handle of the reloading press to seat the bullet.
- Inspect the seated bullet for concentricity and proper seating depth.

3. Replacing the SeaterHead:

- Unscrew the current seaterhead from the main body.
- Choose the appropriate replacement seaterhead for the bullet being used.
- Screw the new seaterhead into place and ensure it is secure.

Disposal Instructions

- Dispose of the TRIEBEL BenchRestSeater in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the TRIEBEL BenchRestSeater, please refer to the product manual or contact the manufacturer directly. Ensure that you have the product details readily available for assistance.

By following these safety instructions, you can ensure a safe and effective experience with your TRIEBEL BenchRestSeater. Thank you for your attention to these important guidelines.
