

BENCH-REST NECK DIES FOR RIFLE CALIBERS - TRIEBEL Bench-Rest Neck Die 270 Winchester - 7/8"

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Bench-Rest (BR)-Neck-Die guides the cartridge case over the full length before the cartridge case will be formed with an interchangeable precision ground bushing.

The guide sleeve has the internal contour of the cartridge chamber to cover the cartridge case.

The guide sleeve and the body of this reloading-die are perfectly matched to ensure exact axial alignment of the cartridge during the sizing process.

Of course, the BR-Neck-sizer has an optional expander and the exchangeable primer ejector pin.

This die is the perfect choice for those, who want to leave nothing to chance when reloading.

Specs:

- Thread: 7/8"
- Neck Size Bushing (diameter): 7.5mm
- Expander (diameter): 7.01mm

All relevant components have an article number for easy reordering if necessary.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Safety Instructions for TRIEBEL BenchRest Neck Dies for Rifle Calibers

Introduction

Thank you for choosing the TRIEBEL BenchRest Neck Die for your reloading needs. This product is designed to provide precision and reliability when reloading cartridges. Please read this safety instruction guide carefully to ensure safe and effective use of the die, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always handle the die with care to prevent injury or damage.
- Ensure that the workspace is clean, dry, and welllit.
- Keep the die and all related components out of reach of children and vulnerable individuals.
- Use the die only for its intended purpose as outlined in this guide.
- Regularly inspect the die for wear or damage before use.
- Store the die in a safe, dry place when not in use.

Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):** Always wear safety glasses and gloves while using the die to protect against metal shavings and other debris.
- **Proper Alignment:** Ensure that the cartridge case is properly aligned in the die before beginning the sizing process to avoid misalignment and possible injury.
- **Avoid Overloading:** Do not exceed the recommended specifications for the die to prevent malfunction or accidents.
- **Follow Manufacturer Instructions:** Always adhere to the instructions provided in this guide and any additional materials provided by the manufacturer.

Instructions for Installation and Usage

1. Installation:

- Ensure the reloading press is securely mounted and stable.
- Thread the TRIEBEL BenchRest Neck Die into the reloading press using the 7/8" thread.
- Tighten securely, but avoid overtightening which may damage the die.

2. Usage:

- Select the appropriate neck size bushing (7.5mm) for your cartridge.
- Insert the cartridge case into the guide sleeve, ensuring it is fully seated.
- If using the optional expander, ensure it is correctly positioned.
- Pull the handle of the reloading press slowly and steadily to size the cartridge case.
- Inspect the sized cartridge case for proper dimensions and alignment.
- If necessary, use the exchangeable primer ejector pin as per the manual instructions.

Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local regulations.
- Consider recycling materials where possible.
- Do not dispose of the die or its components in regular household waste.

Contact Information for Further Support

For any questions or concerns regarding the TRIEBEL BenchRest Neck Die, please refer to the manufacturer's manual or visit the official website for support and additional resources.

By following these safety instructions, you can ensure a safe and efficient reloading experience with your TRIEBEL BenchRest Neck Die. Always prioritize safety and compliance with the EU GPSR guidelines.
