

SEATER WITH CRIMP FOR RIFLE CALIBERS - TRIEBEL Seater with Crimp 300 Norma Magnum - 1 1/4"

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

Specs:

- Thread: 1 1/4"

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Safety Instruction Guide for TRIEBEL Seater with Crimp for Rifle Calibers

Introduction

Thank you for choosing the TRIEBEL Seater with Crimp for Rifle Calibers. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your bullet seating die. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in the product description.
- Always handle the product with care to avoid injury.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage. Do not use if damaged.
- Follow all local laws and regulations regarding the use of reloading equipment.
- If you experience any issues with the product, cease use immediately and consult the manufacturer.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and gloves, when using the bullet seater.
- Ensure that the workspace is clean and free from any obstructions or hazards.
- Use the product in a wellventilated area to avoid inhaling any dust or particles.
- Be mindful of the crimping function; improper crimping can lead to unsafe ammunition.
- Store the product in a dry and secure location when not in use to prevent accidental damage or misuse.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is compatible with the TRIEBEL Seater.
- Securely attach the bullet seating die to the reloading press using the provided threading (1 1/4").
- Make sure the die is tightened properly to prevent any movement during use.

2. Usage:

- Adjust the seating depth of the bullet according to your specifications.
- Place the cartridge case in the shell holder of the reloading press.
- Insert the bullet into the case mouth, ensuring it is aligned properly.
- Activate the press to seat the bullet into the case.
- If crimping is desired, adjust the die to perform the crimp after seating the bullet.
- Inspect each round for proper seating and crimping before use.

Disposal Instructions

- Dispose of any unused or damaged products in accordance with local waste disposal regulations.
- Do not dispose of the product in general waste if it contains hazardous materials.
- Contact local waste management authorities for proper disposal methods.

Contact Information for Further Support

For further assistance or inquiries regarding the TRIEBEL Seater with Crimp, please refer to the product manual

or visit the manufacturer's website.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with the TRIEBEL Seater with Crimp for Rifle Calibers. Your safety is our priority, and we encourage you to reach out for any support you may need.

Thank you for your attention to these important safety guidelines.
