

BENCH-REST-SEATERS FOR RIFLE CALIBERS - TRIEBEL Bench-Rest-Seater 416 Barrett - 1 1/2"

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of "bullet runout", there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity.

Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

Specs:

- Thread: 1 1/2"

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

TRIEBEL BenchRestSeaters for Rifle Calibers

Safety Instruction Guide

Introduction

Thank you for choosing the TRIEBEL BenchRestSeater for the 416 Barrett caliber. This product is designed to provide the highest precision in seating match bullets, ensuring perfect concentricity during the reloading process. To ensure safe and effective use of this product, please read and follow the safety instructions provided in this guide.

General Safety Guidelines

- Always handle the TRIEBEL BenchRestSeater with care and follow all safety precautions.
- Ensure the product is used in a safe environment, free from distractions.
- Use the product only for its intended purpose as specified in this guide.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for wear or damage before each use.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Before using the BenchRestSeater, ensure that you are familiar with the reloading process and the specific requirements for your caliber.
- Wear appropriate safety gear, including eye protection, when using the seater.
- Ensure that all components are clean and free of debris before use.
- Do not exceed the recommended specifications for the product, as this may cause malfunctions or accidents.
- Always follow the manufacturer's instructions for selecting the correct seater head for your bullets.
- Avoid using the BenchRestSeater if you are under the influence of drugs or alcohol.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and components for your reloading setup.
- Ensure that your workspace is clean and organized.

2. Selecting the Seater Head:

- Choose the appropriate seater head based on the bullet you are using. This can significantly improve concentricity.

3. Installation:

- Thread the BenchRestSeater into your reloading press, ensuring a secure fit.
- Check that the seater head is properly installed and tightened before use.

4. Seating Bullets:

- Place the cartridge case into the seater.
- Insert the bullet into the cartridge case.
- Operate the reloading press to seat the bullet, ensuring that the cartridge case receives perfect axial guidance.

5. PostUse Inspection:

- After use, inspect the BenchRestSeater for any signs of wear or damage.
- Clean the product according to the manufacturer's recommendations to ensure longevity.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste if it contains hazardous materials.
- Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For assistance or inquiries regarding the TRIEBEL BenchRestSeater, please refer to the manufacturer's website or contact your local distributor.

By following these safety instructions, you can ensure a safe and effective experience using the TRIEBEL BenchRestSeater for your reloading needs. Always prioritize safety and compliance with all applicable regulations.
