

BENCH-REST-SEATERS FOR RIFLE CALIBERS - TRIEBEL Bench-Rest-Seater 50 Browning (50 BMG) - 1 1/2"

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of "bullet runout", there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity.

Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

Specs:

- Thread: 1 1/2"

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

TRIEBEL BenchRestSeater Safety Instruction Guide

Introduction

Thank you for choosing the TRIEBEL BenchRestSeater for Rifle Calibers. This product is designed to provide the highest precision in seating match bullets. It is important to follow safety guidelines to ensure safe and effective use of this product.

General Safety Guidelines

- Ensure you are familiar with the operation of the TRIEBEL BenchRestSeater before use.
- Always wear appropriate safety gear, including eye protection, when using this product.
- Keep the work area clean and organized to prevent accidents.
- Store the seater and all accessories in a secure location away from children and unauthorized users.
- Regularly inspect the product for any signs of damage or wear before each use.

Specific Safety Precautions for Use

- Do not exceed the recommended thread size of 1 1/2" when attaching the seater.
- Ensure the cartridge case is properly aligned in the guide sleeve to avoid misfires or damage.
- Use only compatible bullet types with the seaterhead to maintain concentricity and safety.
- Avoid using the seater in wet or damp conditions to prevent electrical hazards.
- In case of any malfunction, discontinue use immediately and consult the manual for troubleshooting.

Instructions for Installation and Usage

1. Installation

- Ensure the work area is clean and free of debris.
- Select the appropriate seaterhead for the bullet you will be using.
- Attach the seaterhead to the main body of the seater by aligning the threads and tightening securely.
- Verify that the seaterhead is securely fastened before proceeding.

2. Usage

- Place the cartridge case into the guide sleeve, ensuring it is properly aligned.
- Insert the bullet into the seaterhead.
- Gently press down on the handle to seat the bullet into the cartridge case.
- Check for proper seating and concentricity after each bullet is seated.
- If you experience resistance or feel that the bullet is not seating correctly, stop immediately and reassess the alignment.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of the product in regular household waste. Instead, check for local recycling programs or hazardous waste disposal sites.

Contact Information for Further Support

For any questions or concerns regarding the TRIEBEL BenchRestSeater, please refer to the manual for additional instructions and assistance in selecting accessories and spare parts.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with your TRIEBEL BenchRestSeater. Always prioritize safety and consult the manual for any specific questions or guidance. Thank you for choosing TRIEBEL products.
