

SEATER WITH CRIMP FOR RIFLE CALIBERS - TRIEBEL Seater with Crimp 6 XC - 7/8"

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

Specs:

- Thread: 7/8"

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

TRIEBEL Seater with Crimp Safety Instruction Guide

Introduction

Thank you for choosing the TRIEBEL Seater with Crimp for Rifle Calibers. This product is designed to provide accurate bullet seating and crimping for your reloading needs. To ensure your safety and the safe operation of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always handle reloading equipment with care and ensure that your workspace is clean and organized.
- Keep the product out of reach of children and unauthorized individuals.
- Ensure that you are using the product for its intended purpose only.
- Regularly inspect the product for any signs of wear or damage before use.
- Follow all local laws and regulations regarding the use and storage of ammunition and reloading equipment.
- In case of any malfunction or accident, report it to the relevant authorities.

Specific Safety Precautions for Use

- Before using the TRIEBEL Seater, ensure that all components are properly assembled and secured.
- Use only compatible bullet types with the TRIEBEL Seater to avoid accidents or malfunctions.
- Always wear appropriate safety gear, including eye protection, when using this product.
- Avoid distractions while operating the seater to maintain focus and precision.
- Do not exceed the recommended specifications for bullet seating and crimping; refer to the product manual for details.
- If you are unsure about any aspect of using the seater, consult the manual or seek assistance from a knowledgeable individual.

Instructions for Installation and Usage

1. Installation:

- Ensure that the reloading press is securely mounted on a stable surface.
- Attach the TRIEBEL Seater to the press using the 7/8" thread, ensuring a tight fit.
- Select the appropriate seaterhead for the bullet type you are using and replace the seaterhead if necessary.

2. Usage:

- Prepare your cartridge case and bullet according to standard reloading practices.
- Place the bullet into the guide bushing of the seater.
- Operate the press to seat the bullet to the desired depth.
- If crimping is required, adjust the seater to crimp the mouth of the cartridge case as needed.
- After use, clean the seater to remove any residue and ensure longevity.

Disposal Instructions

- Dispose of any damaged or wornout components in accordance with local regulations.
- Do not throw the product in regular household waste. Instead, check with local authorities for proper disposal methods for reloading equipment.

Contact Information for Further Support

For any inquiries related to safety concerns or product support, please refer to the contact information provided with your product or visit the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective reloading experience with the TRIEBEL Seater with Crimp for Rifle Calibers. Thank you for prioritizing safety in your reloading practices.
