

BENCH-REST-SEATERS FOR RIFLE CALIBERS - TRIEBEL Bench-Rest-Seater 6 XC - 7/8"

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of "bullet runout", there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity.

Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

Specs:

- Thread: 7/8"

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

TRIEBEL BenchRestSeater Safety Instructions

Introduction

Thank you for choosing the TRIEBEL BenchRestSeater for Rifle Calibers. This product is designed to provide you with the highest precision in seating match bullets. It is important to follow the safety instructions outlined in this guide to ensure safe and effective use.

General Safety Guidelines

- Always read the manual thoroughly before using the product.
- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage.
- Report any unsafe products or accidents to the relevant authorities.
- Check the EU's Safety Gate platform for recall updates on this product.

Specific Safety Precautions for Use

- Ensure that you are familiar with the operation of the BenchRestSeater before attempting to use it.
- Always wear appropriate safety gear, including safety glasses, when using the seater.
- Avoid placing your hands near the seating area during operation to prevent injury.
- Make sure that the workspace is clean and free of any obstructions before use.
- Do not exceed the recommended maximum seating pressure to avoid damaging the bullets or the seater.
- Use only the recommended seater heads for the specific bullet types to ensure optimal performance and safety.
- Be aware of the potential for bullet runout and take necessary precautions to minimize this risk.

Instructions for Installation and Usage

1. Installation

- Ensure that your workspace is clean and organized.
- Securely attach the BenchRestSeater to a stable surface.
- Select the appropriate seater head for the bullet you will be using.
- Align the seater head with the cartridge case and ensure it is properly seated in the guide sleeve.

2. Usage

- Place the cartridge case in the seating position.
- Gently lower the seater head onto the bullet, ensuring proper alignment.
- Apply steady pressure to seat the bullet into the cartridge case.
- Check for concentricity after seating the bullet to ensure accuracy.
- If necessary, replace the seater head with a different type to improve performance.

3. PostUsage Care

- Clean the seater and surrounding area after use to maintain optimal performance.
- Store the BenchRestSeater in a safe, dry place when not in use.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste if it contains hazardous materials.

- Contact your local waste management authority for guidance on proper disposal methods.

Contact Information for Further Support

For any inquiries or further assistance regarding the TRIEBEL BenchRestSeater, please refer to the contact information provided in the product manual or on the manufacturer's website.

Thank you for your attention to these safety instructions. Your safety is our priority. Enjoy using your TRIEBEL BenchRestSeater for precise and reliable bullet seating.
