

# FULL LENGTH DIES FOR RIFLE CALIBERS - TRIEBEL Full Length Die 6.5x55 SE - 1 1/4"

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The FL dies is used to size the cartridge case on full length.

In addition to a removable expander our FL dies have an integrated primer ejector pin.

All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut.br>

## Specs:

- Thread: 1 1/4"
- Expander (diameter): 6.66mm

All relevant components have an article number for easy reordering if necessary.

**You will find further instructions and assistance in selecting accessories and spare parts in the manual.**

# TRIEBEL Full Length Dies for Rifle Calibers Safety Instructions

## Introduction

Thank you for choosing the TRIEBEL Full Length Die 6.5x55 SE. This product is designed for the safe resizing of cartridge cases. Please read this safety instruction guide carefully to ensure safe and effective use of the die.

## General Safety Guidelines

- Ensure that you are familiar with the operation of reloading equipment before using this product.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling ammunition components.
- Keep the workspace clean and organized to prevent accidents.
- Store the die in a dry and safe location, away from children and unauthorized users.
- Inspect the die regularly for signs of wear or damage before each use.
- Follow all local laws and regulations regarding ammunition reloading and handling.

## Specific Safety Precautions for Use

### • Potential Hazards:

- Risk of injury from improper handling of the die.
- Risk of damage to the die if used incorrectly.
- Risk of ammunition malfunction if the die is not used properly.

### • Avoiding Hazards:

- Always ensure the die is securely mounted in the press before use.
- Do not attempt to modify or alter the die in any way.
- Use only the recommended cartridge cases with this die.
- Do not exceed the recommended specifications for resizing.

### • AudienceSpecific Warnings:

- This product is intended for use by adults and should not be used by children.
- Ensure that inexperienced users are supervised by someone knowledgeable in reloading practices.

## Instructions for Installation and Usage

### 1. Installation:

- Secure the die in the press using the lock nut provided.
- Ensure that the die is correctly aligned with the press to avoid misalignment during operation.
- Check that the expander and ejector pin are correctly installed and functioning.

### 2. Usage:

- Insert the cartridge case into the die.
- Operate the press to push the cartridge case into the die for resizing.
- After resizing, carefully remove the cartridge case from the die.
- Inspect the resized case for proper neck tension and overall integrity.
- Replace the expander or ejector pin if necessary, following the instructions in the manual.

## **Disposal Instructions**

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not throw away the die in regular trash; check for local recycling programs that accept metal products.
- Ensure that any hazardous materials are disposed of according to safety guidelines.

## **Contact Information for Further Support**

For further support or safety inquiries regarding the TRIEBEL Full Length Die, please refer to your local distributor or manufacturer's website for contact information.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective reloading experience with the TRIEBEL Full Length Die 6.5x55 SE. Always prioritize safety and consult the manual for additional information and guidance. Thank you for your commitment to safe reloading practices.
