

SEATER WITH CRIMP FOR RIFLE CALIBERS - TRIEBEL Seater with Crimp 6.5x55 SE - 1 1/4"

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

Specs:

- Thread: 1 1/4"

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Safety Instruction Guide for TRIEBEL Seater with Crimp for Rifle Calibers

Introduction

Thank you for purchasing the TRIEBEL Seater with Crimp for Rifle Calibers. This product is designed for safely seating bullets in cartridges. It is essential to follow the safety instructions provided in this guide to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in the manual.
- Always handle ammunition and reloading equipment with care to avoid accidents.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear before use.
- Use protective eyewear when operating the seater to protect against potential debris.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always work in a wellventilated area to avoid inhaling any harmful fumes or particles.
- Do not exceed the recommended specifications for bullet seating and crimping.
- Ensure that the seaterhead is securely attached before use to prevent accidents.
- Avoid placing hands near the seaterhead during operation to prevent injury.
- Follow the manufacturer's guidelines for the selection of seaterheads to ensure proper fit and function.

Instructions for Installation and Usage

1. Installation of the Seater:

- Ensure that the reloading press is turned off and unplugged before installation.
- Select the appropriate seaterhead for the bullet being used.
- Attach the seaterhead to the reloading press by threading it securely into place.
- Check that the seaterhead is tightly fastened before proceeding.

2. Seating Bullets:

- Place a cartridge case in the die and ensure it is properly aligned.
- Insert the bullet into the open mouth of the cartridge case.
- Operate the reloading press to seat the bullet into the cartridge case.
- If crimping is required, ensure that the crimping feature is engaged as per the product specifications.

3. PostUsage Care:

- After use, clean the seater and surrounding area to remove any debris.
- Store the product in a dry and secure location to prevent damage.
- Regularly check for any signs of wear or damage and replace parts as necessary.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Ensure that all cartridges and reloading materials are disposed of safely and responsibly.

- Do not dispose of the product in regular household waste. Consult local waste management guidelines for proper disposal methods.

Contact Information for Further Support

For any questions, concerns, or additional support regarding the TRIEBEL Seater with Crimp for Rifle Calibers, please consult the manual or reach out to the manufacturer for assistance.

By following these safety guidelines and instructions, you can ensure a safe and effective reloading experience with the TRIEBEL Seater. Thank you for prioritizing safety while using our product.
