

# BENCH-REST-SEATERS FOR RIFLE CALIBERS - TRIEBEL Bench-Rest-Seater 8.5x55 Blaser - 1 1/4"

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of "bullet runout", there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity.

Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

## Specs:

- Thread: 1 1/4"

**You will find further instructions and assistance in selecting accessories and spare parts in the manual.**

# TRIEBEL BenchRestSeater Safety Instruction Guide

## Introduction

Thank you for choosing the TRIEBEL BenchRestSeater for Rifle Calibers. This product is designed to provide the highest precision in seating match bullets. To ensure safe and effective use, please read this safety instruction guide carefully.

## General Safety Guidelines

- Always ensure that the product is used in accordance with the manufacturer's instructions.
- Use the BenchRestSeater only for its intended purpose, which is to seat bullets in cartridge cases.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear before use.
- Report any unsafe products or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure that the BenchRestSeater is securely mounted before use to prevent accidents.
- Always wear appropriate safety gear, including eye protection, when using the seater.
- Avoid wearing loose clothing or jewelry that may become entangled during operation.
- Do not exceed the recommended thread specifications (1 1/4") when using the product.
- Be mindful of the bullet runout; ensure proper alignment to avoid misfires or accidents.
- If you experience any difficulties during the seating process, stop and review the instructions before proceeding.

## Instructions for Installation and Usage

### 1. Installation:

- Securely mount the BenchRestSeater on a stable surface.
- Ensure that the seaterhead is correctly attached and tightened.
- Check that the guide sleeve is properly aligned with the cartridge chamber.

### 2. Usage:

- Insert the cartridge case into the guide sleeve.
- Place the bullet into the cartridge case.
- Gently press down on the seaterhead to seat the bullet.
- Monitor the process to ensure that both the cartridge case and bullet are guided correctly for perfect concentricity.
- Replace the seaterhead if necessary, selecting the correct type for the bullet being used.

## Disposal Instructions

- Dispose of the product in accordance with local regulations for nonfood items.
- Do not dispose of the product in regular household waste.
- If the product is damaged or no longer usable, consider recycling components where possible.

## **Contact Information for Further Support**

For any questions or concerns regarding the TRIEBEL BenchRestSeater, please refer to the manual for additional instructions and assistance in selecting accessories and spare parts.

Stay informed about product safety updates and recalls by checking the EU's Safety Gate platform regularly.

Thank you for prioritizing safety while using the TRIEBEL BenchRestSeater. Your diligence ensures a safer experience for all users.
