

SEATER WITH CRIMP FOR RIFLE CALIBERS - TRIEBEL Seater with Crimp 8x57 IS - 7/8"

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

Specs:

- Thread: 7/8"

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

TRIEBEL Seater with Crimp Safety Instructions

Introduction

Thank you for choosing the TRIEBEL Seater with Crimp for Rifle Calibers. This product is designed to help you achieve accurate bullet seating for your reloading needs. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose, which is bullet seating and crimping for rifle calibers.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for signs of wear or damage. Do not use if damaged.
- Follow all local regulations and guidelines regarding ammunition reloading and firearm safety.
- Store the product in a dry and secure location to prevent accidents.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and gloves, when using the TRIEBEL Seater.
- Ensure that your work area is clean and free from distractions.
- Do not exceed the recommended cartridge specifications when using the product.
- Be cautious when handling components and tools to avoid injury.
- If you experience any difficulties or uncertainties while using the product, stop and seek assistance.

Instructions for Installation and Usage

1. Installation

- Ensure that your reloading press is compatible with the TRIEBEL Seater.
- Securely attach the seater to the press using the 7/8" thread.
- Verify that the seater is properly aligned and tightened before use.

2. Using the Seater

- Prepare your cartridge cases and bullets as per your reloading procedure.
- Place the bullet in the guide bushing of the seater.
- Lower the press handle to seat the bullet into the cartridge case.
- If crimping is desired, adjust the seaterhead according to the manufacturer's instructions.
- Repeat the process for additional cartridges, ensuring consistent pressure and alignment.

3. PostUse Care

- Clean the seater after use to remove any residue or debris.
- Store the product in a safe place where it will not be damaged.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of the product in regular household waste. Instead, follow your local guidelines for hazardous materials if applicable.

Contact Information for Further Support

For further assistance, please refer to the product manual or contact the manufacturer directly. Ensure you have the product details available for a more efficient response.

By following these safety instructions, you can ensure a safe and effective experience with the TRIEBEL Seater with Crimp for Rifle Calibers. Always prioritize safety and compliance with regulations during your reloading activities.
