

SEATER WITH CRIMP FOR RIFLE CALIBERS - TRIEBEL Seater with Crimp 8x68 S - 1 1/4"

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

Specs:

- Thread: 1 1/4"

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

TRIEBEL Seater with Crimp Safety Instruction Guide

Introduction

Thank you for choosing the TRIEBEL Seater with Crimp for Rifle Calibers. This product is designed to provide precise bullet seating and crimping for your reloading needs. To ensure your safety and the effective use of this product, please read and follow the guidelines outlined in this document.

General Safety Guidelines

- Always handle the TRIEBEL Seater with Crimp with care to prevent injury.
- Ensure that the product is used in a wellventilated area to avoid inhaling any harmful substances.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for signs of wear or damage before use.
- Follow all local laws and regulations regarding the use of reloading equipment and ammunition.

Specific Safety Precautions for Use

• Potential Hazards:

- Risk of injury from sharp edges or moving parts.
- Risk of improper bullet seating leading to misfires or malfunctioning ammunition.
- Risk of exposure to lead and other materials during reloading.

• Instructions for Avoiding Hazards:

- Always wear safety glasses and gloves when operating the seater.
- Ensure that the bullet is correctly aligned before seating.
- Do not exceed the recommended specifications for bullet types and sizes.
- Use the seater in accordance with the manufacturer's guidelines to ensure safe operation.

Instructions for Installation and Usage

1. Installation:

- Ensure that the reloading press is securely mounted and stable.
- Attach the TRIEBEL Seater with Crimp to the reloading press using the provided threading (1 1/4").
- Confirm that the seater is properly aligned and tightened to avoid movement during use.

2. Usage:

- Select the appropriate seater head for the bullet you are using to improve concentricity.
- Place the cartridge case into the reloading press and ensure it is secure.
- Insert the bullet into the case mouth while ensuring that it is properly positioned.
- Pull the handle of the reloading press to seat the bullet.
- If crimping is desired, follow the additional steps as outlined in the product manual.
- After use, clean the seater to remove any residue and maintain its functionality.

Disposal Instructions

- Dispose of any packaging materials in accordance with local recycling regulations.

- Do not dispose of the TRIEBEL Seater with Crimp in regular household waste. Instead, check with local authorities for proper disposal methods for metal and mechanical components.

Contact Information for Further Support

For any inquiries regarding the TRIEBEL Seater with Crimp, please refer to the product manual. It contains detailed information and guidance on selecting accessories and spare parts.

Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with the TRIEBEL Seater with Crimp. Always prioritize safety and compliance with local laws while using this product. Thank you for your attention, and happy reloading!
