

BENCH-REST-SEATERS FOR RIFLE CALIBERS - TRIEBEL Bench-Rest-Seater 8x68 S - 1 1/4"

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of "bullet runout", there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity.

Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

Specs:

- Thread: 1 1/4"

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Safety Instructions for TRIEBEL BenchRestSeaters for Rifle Calibers

Introduction

Thank you for choosing the TRIEBEL BenchRestSeater for your precision shooting needs. This manual provides essential safety guidelines and instructions for the safe use of this product. Please read this document carefully to ensure safe operation and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the product is used only for its intended purpose, which is to seat match bullets in rifle calibers.
- Always handle the product with care and keep it out of reach of children and vulnerable individuals.
- Inspect the product regularly for any signs of wear or damage. Do not use if damaged.
- Follow all local laws and regulations regarding the use of firearm accessories.
- Ensure that all components are compatible before use to prevent malfunction.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when using this product.
- Do not exceed the manufacturer's specifications for bullet seating.
- Ensure that the work area is clean, dry, and free from distractions while using the seater.
- Keep hands and body parts clear of the seating area during operation to avoid injury.
- Use the seater only in a wellventilated area to prevent inhalation of any harmful substances.

Instructions for Installation and Usage

1. Installation

- Ensure that the seater is compatible with your cartridge (8 x 68 S).
- Securely attach the seater to your reloading press using the provided threading (1 1/4").
- Verify that the seaterhead is properly installed and tightened before use.

2. Usage

- Prepare your cartridge cases and match bullets according to your reloading procedure.
- Insert the cartridge case into the seater, ensuring it is properly aligned.
- Place the bullet into the case mouth, ensuring it is seated correctly.
- Slowly and steadily pull the handle of the reloading press to seat the bullet.
- Inspect the seated bullet for concentricity and proper seating depth.
- If necessary, change the seaterhead to accommodate different bullet types for improved concentricity.

Disposal Instructions

- Dispose of any packaging materials in accordance with local waste management regulations.
- If the product is no longer usable, contact your local waste disposal service for proper disposal methods.
- Do not dispose of the product in regular household waste if it contains hazardous materials.

Contact Information for Further Support

For questions or concerns regarding the usage or safety of the TRIEBEL BenchRestSeater, please consult the product manual or contact your local dealer for assistance.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with your TRIEBEL BenchRestSeater. Always prioritize safety and compliance with regulations to enjoy precision shooting responsibly.
