

SEATER WITH CRIMP FOR RIFLE CALIBERS - TRIEBEL Seater with Crimp 9.3x62 - 7/8"

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

Specs:

- Thread: 7/8"

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Safety Instruction Guide for TRIEBEL Seater with Crimp for Rifle Calibers

Introduction

Thank you for choosing the TRIEBEL Seater with Crimp for Rifle Calibers. This product is designed to assist in the accurate seating of bullets while providing the option to crimp the cartridge case. To ensure safe and effective use of this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always handle the TRIEBEL Seater with care, ensuring that it is used in a safe environment.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Use the product only for its intended purpose as specified in this manual.
- Ensure that all safety measures are followed when reloading ammunition.

Specific Safety Precautions for Use

- Use protective eyewear to prevent injury from potential debris when seating bullets.
- Ensure that the workspace is clean and organized to avoid accidents.
- Do not exceed the recommended specifications for bullet seating and crimping.
- Always follow the manufacturer's guidelines for the type of bullet and cartridge used.
- Avoid using the product in wet or damp conditions to prevent slips and electrical hazards.

Instructions for Installation and Usage

1. Installation:

- Ensure that the TRIEBEL Seater is compatible with your reloading press.
- Securely attach the seater to the press using the 7/8" thread.
- Check that the seater is firmly in place before use.

2. Usage:

- Select the appropriate seaterhead based on the bullet type you are using.
- Adjust the seating depth as needed for your specific cartridge.
- Insert the bullet into the cartridge case and align it with the guide bushing.
- Operate the reloading press to seat the bullet firmly into the case.
- If crimping is desired, adjust the seater to apply the crimp to the mouth of the cartridge case.
- Inspect the completed cartridge for proper seating and crimping before use.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Ensure that all materials are disposed of in an environmentally friendly manner.
- Do not dispose of the product in regular household waste if it contains hazardous materials.

Contact Information for Further Support

For any inquiries or support regarding the TRIEBEL Seater with Crimp for Rifle Calibers, please refer to the manufacturer's contact details provided in the product warranty or user manual.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience while using the TRIEBEL Seater with Crimp for Rifle Calibers. Always prioritize safety and adhere to all guidelines to enhance your reloading process. Thank you for your attention to these important safety measures.
