TRIEBEL SEATERHEADS Safety Instruction Guide

Introduction

Thank you for choosing the TRIEBEL Seaterhead Caliber 8,5/.338 Type: KS FOX. This accessory is designed for use with Seater with Crimp and BenchRestSeaters from Triebel. Please read this safety instruction guide carefully to ensure safe and effective use of the product. Adhering to these guidelines will help prevent accidents and ensure compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always follow the manufacturer's instructions and guidelines.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear.
- In case of any malfunction or damage, discontinue use immediately and contact a qualified professional.
- Report any unsafe products or accidents to the relevant authorities.
- Stay updated on recall notices through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Hazard Identification:**

- The product may cause injury if used improperly.
- Ensure that the Seaterhead is securely attached before use.
- Avoid contact with moving parts during operation.

- **Precautions:**

- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves.
- Do not use the product in wet or damp conditions.
- Maintain a clean and organized workspace to prevent accidents.
- Follow all local regulations and guidelines regarding the use of reloading equipment.

Instructions for Installation and Usage

- **Installation:**

1. Ensure that the workspace is clean and free of any obstructions.
2. Check that all components of the Seater and Seaterhead are present and in good condition.
3. Securely attach the Seaterhead to the Seater, ensuring it is locked in place.
4. Verify that the diameter (.338) is correct for your application.

- **Usage:**

1. Prepare your materials according to the specifications outlined in the manual.
2. Load the materials into the Seaterhead as instructed.
3. Begin operation at a slow speed to ensure everything is functioning correctly.
4. Monitor the process closely for any irregularities or issues.
5. After use, clean the Seaterhead and store it in a safe location.

Disposal Instructions

- Dispose of the product and any associated materials in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Contact your local waste management authority for information on proper disposal methods.

Contact Information for Further Support

For any questions or further support, please refer to the product manual or contact the manufacturer directly. Ensure you have the product details available for a more efficient response.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities.
