The "Allgäu Series" is a selection of our most popular products.  
We see this as an entry-offer into our product world.

Of course, the items in the "Allgäu Series" are manufactured with the same care and the same quality standards as all other items in our range.  
The only difference is actually the particularly attractive price, which can be achieved mainly through a high production volume.

## Specs:

- **Thread: 7/8"**
- **Expander (diameter): 7.8mm**

**You will find further instructions and assistance in selecting accessories and spare parts in the manual that can be found [here](#)**

# Safety Instruction Guide for TRIEBEL Die Set .308 Winchester Allgäu Series Bench Rest

## Introduction

Thank you for choosing the TRIEBEL Die Set .308 Winchester "Allgäu Series" Bench Rest. This guide provides essential safety instructions and guidelines to ensure the safe use of your die set. Please read this document carefully before use to understand the safety measures and proper handling of the product.

## General Safety Guidelines

- Ensure that the die set is used only for its intended purpose, which is reloading .308 Winchester cartridges.
- Always follow the manufacturer's instructions and guidelines when using the die set.
- Keep the die set and all reloading components out of the reach of children and unauthorized users.
- Regularly inspect the die set for any signs of damage or wear. Do not use damaged components.
- Store the die set in a secure, dry place to prevent rust and deterioration.
- Be aware of the risks associated with reloading ammunition, including potential hazards from improper handling and usage.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and gloves, when using the die set.
- Ensure that you are working in a wellventilated area to avoid inhalation of any harmful substances.
- Avoid distractions while reloading to maintain focus and precision.
- Use only compatible components (brass, primers, powder, and bullets) that meet the specifications for .308 Winchester cartridges.
- Follow the recommended load data and guidelines to prevent overloading, which can cause dangerous malfunctions.

## Instructions for Installation and Usage

### 1. Unpacking the Die Set

- Carefully remove the die set from its premium case.
- Inspect all components for damage or missing parts.

### 2. Setting Up the Die Set

- Securely mount the die set into a reloading press compatible with 7/8" threads.
- Adjust the full sizing die to the correct height according to the manufacturer's instructions.

### 3. Reloading Process

- Begin with the full sizing die to resize the brass cases.
- Follow the specified procedures for priming, charging, and seating bullets using the Bench Rest Seater die.
- Always doublecheck measurements and settings before proceeding to the next step.

### 4. Final Inspection

- After reloading, inspect the completed cartridges for any visible defects or irregularities.
- Store the reloaded ammunition in a safe, designated area.

## **Disposal Instructions**

- Dispose of any unused or defective components in accordance with local regulations.
- Do not dispose of reloading materials in regular household waste.
- Contact local waste management authorities for information on proper disposal methods for hazardous materials.

## **Contact Information for Further Support**

For any inquiries or further assistance regarding the TRIEBEL Die Set .308 Winchester "Allgäu Series" Bench Rest, please refer to the manufacturer's website or contact their customer service.

## **Conclusion**

By following the safety guidelines and instructions outlined in this document, you can ensure a safe and effective reloading experience with your TRIEBEL Die Set. Always prioritize safety and adhere to best practices in reloading to minimize risks. Thank you for your commitment to safety and responsible reloading.
