

SEATER WITH CRIMP FOR RIFLE CALIBERS - TRIEBEL Seater with Crimp - 9.5x77 - 1 1/4"

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

Specs:

- Thread: 1 1/4"

All relevant components have an article number for easy reordering if necessary.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Safety Instruction Guide for TRIEBEL Seater with Crimp for Rifle Calibers

Introduction

Thank you for choosing the TRIEBEL Seater with Crimp for Rifle Calibers. This product is designed to assist in the precise seating of bullets, ensuring accuracy and performance in your reloading processes. It is important to follow all safety guidelines and instructions to ensure safe and effective use of this product.

General Safety Guidelines

- Always read and understand the instructions and safety guidelines before using the product.
- Keep the product out of reach of children and unauthorized users.
- Use the product only for its intended purpose as described in this manual.
- Inspect the product regularly for any signs of damage or wear. Do not use if damaged.
- Follow all local laws and regulations related to the use of reloading equipment and ammunition.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the work area is clean, dry, and wellventilated.
- Wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the product.
- Avoid wearing loose clothing or jewelry that could become caught in the equipment.
- Always ensure that the seaterhead is securely attached before use.
- Use caution when handling ammunition components to avoid accidental discharge.
- Do not exceed the recommended load specifications for the caliber being used.
- Be aware of your surroundings and ensure that no one is in the vicinity of the equipment while in use.

Instructions for Installation and Usage

1. Installation of the Seater Head:

- Ensure the die is clean and free from debris.
- Remove the existing seater head by loosening the locking mechanism.
- Select the appropriate seater head for the bullet you are using.
- Attach the new seater head securely, ensuring it is locked in place.

2. Setting Up the Die:

- Install the TRIEBEL Seater with Crimp into your reloading press according to the manufacturer's instructions.
- Adjust the die height to ensure the bullet is seated to the desired depth.
- If crimping is desired, adjust the crimping feature according to the specifications for the caliber being used.

3. Seating the Bullet:

- Place a cartridge case into the reloading press.
- Insert the bullet into the case mouth.
- Activate the press to seat the bullet into the case.
- Inspect the seated bullet for proper depth and alignment.

4. Crimping (if applicable):

- If crimping is desired, ensure the crimping mechanism is properly adjusted.
- Activate the press again to apply the crimp to the cartridge case.

5. Final Inspection:

- After seating and crimping, inspect each cartridge for consistency and quality.
- Ensure there are no visible defects or irregularities.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of ammunition or reloading components in regular household waste.
- Contact your local waste management facility for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the TRIEBEL Seater with Crimp for Rifle Calibers, please refer to the manual for further assistance. It is important to maintain a record of your purchase and any relevant product information for future reference.

By following these safety instructions, you can ensure a safe and effective experience while using the TRIEBEL Seater with Crimp for Rifle Calibers. Thank you for your attention to safety, and happy reloading!
