

FULL LENGTH DIES FOR RIFLE CALIBERS - TRIEBEL Full Length Die - 375 SWISS P - 1 1/4"

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The FL dies is used to size the cartridge case on full length.

In addition to a removable expander our FL dies have an integrated primer ejector pin.

All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut.

Specs:

- Thread: 1 1/4"
- Expander (diameter): 9.50mm

All relevant components have an article number for easy reordering if necessary.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Safety Instruction Guide for TRIEBEL Full Length Dies for Rifle Calibers

Introduction

Thank you for choosing the TRIEBEL Full Length Dies for Rifle Calibers. This guide provides essential safety instructions and information to ensure the safe and effective use of your product. Please read this manual thoroughly before using the dies to avoid any potential hazards.

General Safety Guidelines

- Ensure that the dies are used only for their intended purpose as specified in this manual.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling or using the dies.
- Keep the dies out of reach of children and unauthorized users.
- Regularly inspect the dies for wear or damage before each use. Do not use damaged components.
- Follow all local regulations and guidelines regarding the handling and use of ammunition and reloading equipment.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the reloading press is securely mounted and stable before use.
- Do not exceed the recommended specifications for cartridge cases as stated in the product description.
- Always check that the die is properly set up and adjusted before starting the reloading process.
- When adjusting the die, do so slowly and carefully to avoid overtightening.
- Do not attempt to modify or repair the die unless specifically instructed in this manual.
- If you experience any unusual resistance or difficulty while using the die, stop immediately and inspect the setup for possible issues.
- Follow the manufacturer's instructions for the proper use of the expander and primer ejector pin.

Instructions for Installation and Usage

1. Installation of the Die:

- Ensure the reloading press is turned off and unplugged.
- Remove any existing die from the press.
- Insert the TRIEBEL Full Length Die into the press and secure it using the lock nut.
- Adjust the die height according to the specifications provided in this manual.

2. Using the Die:

- Prepare the cartridge case by cleaning and inspecting it for damage.
- Insert the cartridge case into the die and ensure it is properly seated.
- Pull the handle of the reloading press smoothly to size the cartridge case.
- After sizing, remove the cartridge case and check for proper neck tension.
- If necessary, replace the expander or ejector pin by following the instructions in the manual.

3. After Usage:

- Clean the die after each use to prevent residue buildup.
- Store the die in a dry, safe location away from children and pets.

Disposal Instructions

- Dispose of any damaged or wornout components in accordance with local regulations.
- Do not dispose of the dies in regular household waste. Contact your local waste management authority for proper disposal methods.

Contact Information for Further Support

For additional assistance, please refer to the contact information provided in the product packaging or visit the manufacturer's website.

By following these guidelines, you can ensure a safe and effective experience with your TRIEBEL Full Length Dies for Rifle Calibers. Always prioritize safety and compliance with local regulations when using reloading equipment.
