

# Chassis - HNT-26 - Remington 700 - MDT Chassis - HNT-26 - Remington700 - SA - RH - Fixed - ARCA - BCF

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

The first purpose-built hunting chassis from MDT. Weighing in starting at 26oz (for chassis, buttstock, forend and grip combined), this is the most ultra-light hunting chassis on the market. The MDT HNT26 is sold as a complete hunting chassis system including magnesium chassis base, carbon fiber forend, carbon fiber grip and foam filled carbon fiber buttstock.

# MDT Chassis HNT26 Remington 700 Safety Instruction Guide

## Introduction

Thank you for choosing the MDT Chassis HNT26 for your Remington 700 rifle. This product is designed with safety and performance in mind. Please read this safety instruction guide carefully to ensure proper use and maintenance of your hunting chassis system.

## General Safety Guidelines

- Always handle your MDT Chassis with care and ensure it is unloaded before any maintenance or adjustments.
- Keep the chassis and all components out of reach of children and unauthorized users.
- Inspect the chassis for any signs of damage or wear before each use. Do not use if damaged.
- Ensure that all components are securely attached before use to prevent accidents.
- Follow all applicable local, state, and national laws regarding firearm usage and safety.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Weight Considerations:** The MDT HNT26 is ultralightweight (starting at 26oz). Be mindful of how this may affect your shooting stability and accuracy.
- **Proper Handling:** Always treat your firearm as if it is loaded. Keep the muzzle pointed in a safe direction and your finger off the trigger until ready to shoot.
- **Shooting Environment:** Be aware of your surroundings and ensure you are in a safe area for shooting. Check for a clear line of fire.
- **Weather Conditions:** Avoid using the chassis in extreme weather conditions that could impair your grip or visibility.
- **Maintenance:** Regularly clean and maintain all components of the chassis to ensure optimal performance.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove any existing stock from the Remington 700.
- Align the MDT chassis with the action of the rifle and secure it using the provided screws.
- Attach the carbon fiber forend and grip, ensuring they are firmly in place.
- Install the foamfilled carbon fiber buttstock, ensuring a snug fit.
- Doublecheck all connections to ensure stability.

### 2. Usage:

- Adjust the buttstock to your preferred length of pull.
- Familiarize yourself with the chassis and how it affects your shooting stance.
- Practice shooting in a controlled environment to ensure comfort and accuracy.

## Disposal Instructions

- When the MDT Chassis reaches the end of its life cycle, dispose of it in accordance with local regulations.
- Separate components such as carbon fiber and metal parts for recycling, if applicable.

- Do not dispose of the chassis in regular household waste.

## **Contact Information for Further Support**

For any questions or concerns regarding the MDT Chassis HNT26, please contact the manufacturer or your local dealer for assistance. Ensure you have the product details handy for a more efficient support experience.

Thank you for your attention to these safety instructions. Enjoy using your MDT Chassis HNT26 with confidence and responsibility.
