

# DeathGrip Infinite (Aluminum)

[Shooting Accessories](#) > [Bipods, Monopods & Accessories](#) > [Bipods](#)

Compounding on the overwhelming success of the original DeathGrip tripods, BOG took on the unenviable task of making the world's best tripod even better. As you'd expect from BOG, we went out and did it. The DeathGrip Infinite series is designed as multi-functional tripod platform, utilizing a quick-change system on top of a glass-smooth ball head mount, making it perfect for glassing and shooting. Couple this with a proprietary DeathGrip clamping system and a weight that is comparable to tripods up to 4 times its price and you have the best tripod ever made (again).

# BOG DeathGrip Infinite Safety Instructions

## Introduction

Thank you for choosing the BOG DeathGrip Infinite tripod. This guide provides essential safety instructions to help you use this product safely and effectively. Please read this manual carefully to ensure safe operation.

## General Safety Guidelines

- Ensure that the tripod is used only for its intended purpose.
- Always inspect the tripod for any visible damage before use.
- Keep the tripod away from children and vulnerable individuals.
- Do not exceed the weight limit specified by the manufacturer.
- Use the tripod on stable and level surfaces to prevent tipping.
- Avoid using the tripod in adverse weather conditions that may compromise stability.
- Follow all local regulations regarding the use of tripods in public areas.

## Specific Safety Precautions for Use

- When adjusting the height of the tripod, ensure that all locks are securely tightened to prevent accidental collapse.
- Be cautious when using the DeathGrip clamping system; ensure that your equipment is securely fastened before use.
- Do not attempt to modify or repair the tripod yourself. Contact a qualified professional for assistance.
- If using the tripod for shooting, ensure that you are in a safe environment and follow all firearm safety protocols.
- Always store the tripod in a dry place to prevent corrosion of aluminum components.

## Instructions for Installation and Usage

### 1. Setup:

- Unpack the tripod and ensure all components are present.
- Extend the legs to your desired height, ensuring all locks are securely engaged.
- Attach your equipment to the DeathGrip clamping system, ensuring it is securely fastened.

### 2. Usage:

- For glassing, adjust the ball head mount to achieve the desired angle.
- When shooting, ensure that the tripod is stable and secure before taking any shots.
- After use, carefully remove your equipment from the DeathGrip clamping system.

### 3. Maintenance:

- Regularly inspect the tripod for any signs of wear or damage.
- Clean the tripod with a soft, dry cloth to maintain its appearance and functionality.
- Store the tripod in a protective case when not in use.

## Disposal Instructions

- Dispose of the tripod in accordance with local regulations regarding aluminum products.
- Do not dispose of the tripod in regular household waste. Check for recycling options in your area.

## **Contact Information for Further Support**

For safety inquiries or assistance, please refer to the manufacturer's website or contact the designated EU contact point for support.

Thank you for following these safety instructions. Enjoy your BOG DeathGrip Infinite tripod responsibly!
