

# DeathGrip Realtree Escape

[Shooting Accessories](#) > [Bipods, Monopods & Accessories](#) > [Bipods](#)

BOG head their customer's requests and delivered once again. The more reclusive brother to the ever-popular aluminum DeathGrip, this tripod has all of the same great features, but now carries the Realtree Escape and Mossy Oak Bottomland camp patterns. The world's best hunting rest just got harder to find.

# BOG DeathGrip Realtree Escape Safety Instruction Guide

## Introduction

Thank you for choosing the BOG DeathGrip Realtree Escape. This tripod is designed to provide a stable and reliable hunting rest. To ensure your safety and the safe use of this product, please read and follow the guidelines outlined in this safety instruction guide.

## General Safety Guidelines

- Always inspect the product before use to ensure it is in good condition.
- Do not use the tripod in adverse weather conditions, such as high winds or heavy rain.
- Ensure that the tripod is set up on stable and level ground to prevent tipping.
- Keep the tripod away from children and pets to avoid accidents.
- If you notice any defects or damage, discontinue use immediately and report it.

## Specific Safety Precautions for Use

- Always ensure that the tripod is fully extended and locked before placing any equipment on it.
- Avoid overloading the tripod with excessive weight beyond its recommended limits.
- Do not modify the tripod in any way, as this can compromise its safety and performance.
- When transporting the tripod, ensure it is secured to prevent movement or damage.
- Use caution when adjusting the height of the tripod to avoid pinching fingers.

## Instructions for Installation and Usage

### 1. Setup

- Remove the tripod from its carrying case.
- Extend the legs of the tripod by pulling them outwards until they lock into place.
- Adjust the height of the tripod to your desired level by loosening the adjustment knobs, setting the height, and then tightening the knobs securely.

### 2. Mounting Equipment

- Attach your equipment (e.g., rifle, camera) to the mounting plate on the tripod.
- Ensure that the equipment is securely fastened before use.

### 3. Usage

- Position the tripod on stable ground, ensuring all legs are in full contact with the surface.
- Adjust the angle of the mount as needed for optimal viewing or shooting position.
- Always maintain a firm grip on the equipment while using the tripod.

### 4. Dismantling

- After use, carefully remove your equipment from the tripod.
- Collapse the legs by loosening the locking mechanisms and pushing the legs back into their original position.
- Store the tripod in a dry place to prevent damage.

## Disposal Instructions

When the BOG DeathGrip Realtree Excape reaches the end of its life cycle, please dispose of it responsibly. Follow local regulations for the disposal of outdoor equipment and materials. If applicable, recycle any metal or plastic components.

## Contact Information for Further Support

For any safety inquiries or support regarding the BOG DeathGrip Realtree Excape, please reach out to the designated EU contact point provided with your product packaging or documentation.

**Important Note:** This product is designed for adult use only. Keep out of reach of children. Always adhere to local laws and regulations regarding hunting equipment and safety practices.
