# ARMANOV Stop Ramp for Live Primers Chute Blue Safety Instructions

## Introduction

Thank you for choosing the ARMANOV Stop Ramp for Live Primers Chute Blue. This product is designed to enhance the safety and efficiency of your Dillon 650 reloading machine. Please read this safety instruction guide carefully to ensure proper use and maintenance of the product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in this manual.
- Always follow the manufacturer's instructions for installation and use.
- Keep the product out of reach of children and vulnerable individuals who may not understand its use.
- Regularly inspect the product for wear and damage. Do not use if any parts are broken or missing.
- In case of any malfunction or if the product is suspected to be unsafe, discontinue use immediately and report the issue to the appropriate authorities.
- Always stay informed about product recalls and safety updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Do not attempt to modify the Stop Ramp or use it with incompatible equipment.
- Ensure that the reloading machine is turned off and unplugged during installation and maintenance.
- Use personal protective equipment, such as safety glasses, when operating the reloading machine to prevent injury from debris.
- Avoid placing hands near the live primer chute while the machine is in operation.
- Follow all safety protocols related to the handling and storage of live primers.

## Instructions for Installation and Usage

### Installation

1. **Preparation:** Ensure that the Dillon XL650 reloading machine is turned off and unplugged.
2. **Remove Existing Chute:** Carefully detach the existing live primer chute from the machine.
3. **Attach Stop Ramp:** Align the ARMANOV Stop Ramp with the opening of the live primer chute. Firmly press it into place until it is securely attached.
4. **Reattach Chute:** Reinstall the modified live primer chute back onto the reloading machine, ensuring it is properly secured.
5. **Check for Stability:** Gently tug on the Stop Ramp to ensure it is firmly in place before operating the machine.

### Usage

- After installation, turn on the reloading machine and monitor its operation.
- Regularly check the Stop Ramp for any signs of wear or damage during use.
- If the Stop Ramp becomes loose or shows signs of wear, discontinue use and replace it immediately.

## Disposal Instructions

- Dispose of the ARMANOV Stop Ramp in accordance with local regulations for plastic waste.
- Do not incinerate or dispose of the product in water bodies.
- If the product is damaged or no longer usable, consider recycling it where facilities exist.

## **Contact Information for Further Support**

For further assistance regarding safety inquiries or product support, please refer to the manufacturer's website or contact your local distributor.

By adhering to these safety instructions, you can ensure the safe and effective use of the ARMANOV Stop Ramp for Live Primers Chute Blue. Thank you for prioritizing safety in your reloading practices.
