

Debris catcher for Casefeeder for Dillon XL650 - XL750

[Reloading](#) > [Reloading Presses](#) > [Reloading Press Accessories](#)

This is a Debris Catcher for Casefeeder for Dillon XL650 XL750.

The Dillon Casefeeder has two holes in the bottom back of the bowl assembly. These holes allow any accumulated spent powder, polishing media or general crud to drain out of the bowl.

This debris if left unchecked can fall all over your press or bench top. Most reloaders just tape some kind of cup or even a couple of spent shell casings to the back of the feeder to collect the debris. This upgrade accomplishes the same thing in a more elegant manner.

The Debris Catcher is printed on a 3D Printer.

Safety Instruction Guide for ARMANOV Debris Catcher for Casefeeder for Dillon XL650 XL750

Introduction

Thank you for choosing the ARMANOV Debris Catcher for your Dillon XL650 or XL750 Casefeeder. This product is designed to help keep your workspace clean by catching debris that may accumulate during reloading. This guide provides essential safety instructions to ensure the safe use of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- **Product Safety:** Ensure that the Debris Catcher is used only for its intended purpose. Familiarize yourself with the product features and functions before use.
- **Enhanced Recalls:** Stay informed about any recall notices related to this product. If you receive a recall notice, follow the instructions provided.
- **Online Shopping:** If you purchased this product online, ensure that the seller complies with safety requirements.
- **Special Consumer Focus:** Keep this product out of reach of children to avoid potential hazards.
- **EU Contact Point:** For safety inquiries, refer to the product packaging or the manufacturer's website for contact information.
- **Rapid Alerts:** Monitor the EU's Safety Gate platform for updates on unsafe products and recalls.

Specific Safety Precautions for Use

- **Potential Hazards:**
 - Risk of debris falling onto your workspace, potentially causing accidents.
 - Improper installation may lead to the product becoming dislodged during operation.
- **Avoiding Hazards:**
 - Always ensure the Debris Catcher is securely attached to the Casefeeder before use.
 - Regularly check the Debris Catcher for any signs of wear or damage.
 - Do not overload the Debris Catcher with excessive debris, as this may lead to spillage.
- **AgeSpecific Warnings:**
 - This product is not a toy. Keep it away from children and pets.
 - Only adults should handle the installation and maintenance of the Debris Catcher.

Instructions for Installation and Usage

1. Installation:

- Ensure the Dillon XL650 or XL750 Casefeeder is turned off and unplugged before installation.
- Locate the two holes at the bottom back of the bowl assembly.
- Align the Debris Catcher with the holes and secure it in place, ensuring it fits snugly.
- Verify that the Debris Catcher is stable and will not come loose during operation.

2. Usage:

- Operate the Dillon Casefeeder as per the manufacturer's instructions.

- Monitor the Debris Catcher during use to ensure it is collecting debris effectively.
- If the Debris Catcher becomes full, carefully remove it and empty the contents into a waste container.

3. Maintenance:

- Regularly clean the Debris Catcher to prevent buildup of debris.
- Inspect the product for any damage or wear and replace if necessary.

Disposal Instructions

- Dispose of the Debris Catcher in accordance with local regulations for plastic waste.
- Do not throw the product in regular household waste if it is damaged or no longer functional.
- Check with local recycling programs for proper disposal methods.

Contact Information for Further Support

For further support or inquiries regarding the ARMANOV Debris Catcher, please refer to the product packaging or visit the manufacturer's website for additional resources and contact details.

Thank you for following these safety instructions. Your adherence to these guidelines will help ensure a safe and effective reloading experience.
