

Primer magazine tube discharge system for Dillon Super 1050

[Reloading](#) > [Reloading Presses](#) > [Reloading Press Accessories](#)

If you want to empty the primer feed tube on your 1050 the ejected primers need to be collected in a small cup of sorts.

We made this primer catcher in a dimension perfect for installation via a magnet.

No more lost primers!

Safety Instruction Guide for ARMANOV Primer Magazine Tube Discharge System for Dillon Super 1050

Introduction

Thank you for choosing the ARMANOV Primer Magazine Tube Discharge System for your Dillon Super 1050. This product is designed to enhance your reloading experience by providing an efficient way to collect ejected primers. This guide outlines essential safety instructions, installation procedures, and proper usage to ensure your safety and the effective operation of the product.

General Safety Guidelines

- Ensure that the product is used only as intended.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage.
- Do not use the product if it appears damaged or malfunctioning.
- Follow all manufacturer instructions and guidelines for safe operation.

Specific Safety Precautions for Use

- Always wear appropriate eye protection when reloading.
- Ensure the work area is clean and free from any obstructions that could cause accidents.
- Do not overload the primer catcher beyond its capacity.
- Avoid placing your hands near the discharge area when the reloading press is in operation.
- Be aware of your surroundings and ensure that no one is in close proximity while using the reloading press.

Instructions for Installation and Usage

Installation

1. **Unpack the Product:** Carefully remove the primer magazine tube discharge system from its packaging.
2. **Check Components:** Ensure all components are included and undamaged.
3. **Locate the Magnet:** Identify the magnetic area on the product.
4. **Attach the Primer Catcher:**
 - Position the primer catcher in alignment with the primer feed tube.
 - Use the magnet to secure the catcher in place. Ensure it is firmly attached to prevent dislodging during use.

Usage

1. **Loading Primers:** Ensure the primer magazine is loaded correctly before starting the reloading process.
2. **Operating the Press:** Follow the Dillon Super 1050 operating instructions to begin reloading.
3. **Collecting Ejected Primers:**
 - As primers are ejected, they will be directed into the primer catcher.
 - Monitor the catcher to ensure it does not overflow. If it becomes full, stop operation to empty it safely.
4. **Emptying the Primer Catcher:**
 - Carefully detach the primer catcher from the magnetic attachment.
 - Empty the collected primers into a suitable container for disposal or recycling.

Disposal Instructions

- Dispose of ejected primers in accordance with local regulations.
- Do not dispose of primers in regular household waste.
- Consider recycling options where available.

Contact Information for Further Support

For any safety inquiries or support regarding the ARMANOV Primer Magazine Tube Discharge System, please refer to the contact information provided on the product packaging or visit the manufacturer's website for assistance.

Thank you for following these safety instructions. Your adherence to these guidelines will help ensure a safe and enjoyable reloading experience with the ARMANOV Primer Magazine Tube Discharge System for your Dillon Super 1050.
