

# Dillon Primer Rod Holder - blue

[Reloading](#) > [Reloading Presses](#) > [Reloading Press Accessories](#)

Primer follower rod holder is compatible with the current model Dillon XL650, XL750, RL550 and Super 1050 (probably a few others too that have the 9/16-18 thread).

Ample room in the hook area for those with weighted follower rods too.

## Installation:

No tools required. Remove the primer alarm and the primer tube top nut. Thread this holder onto the primer tube with the hook area up. Thread it all the way on then back a little bit as needed to position it to the side as pictured. Reinstall the primer tube top nut. Due to variances in machines, the top nut may or may not be tight for desired alignment. Reinstall the primer alarm.

## Safety Instruction Guide

### Introduction

Thank you for choosing the ARMANOV Dillon Primer Rod Holder Blue. This guide provides essential safety information and instructions for the proper use and maintenance of your product. Please read this guide carefully to ensure safe and effective use.

### General Safety Guidelines

- Ensure the product is used only for its intended purpose as specified in this guide.
- Keep the product out of reach of children and vulnerable individuals to prevent accidents.
- Regularly inspect the product for wear and damage. Do not use if any parts are broken or missing.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU Safety Gate platform regularly.

### Specific Safety Precautions for Use

- Avoid using the holder with incompatible machines or modifications.
- Ensure that the primer tube is securely fitted to prevent any accidental dislodging during use.
- Do not exceed the recommended weight limit for weighted follower rods.
- Be cautious when threading the holder onto the primer tube to avoid crossthreading, which can damage the components.
- Always follow the installation and usage instructions to minimize risk.

### Instructions for Installation and Usage

#### 1. Installation

- Gather the necessary components: primer alarm, primer tube top nut, and the primer rod holder.
- Remove the primer alarm and the primer tube top nut from your machine.
- Thread the primer rod holder onto the primer tube with the hook area facing upwards.
- Continue threading until it is secure, then adjust slightly if needed to achieve the desired positioning.
- Reinstall the primer tube top nut, ensuring it is secure but not overly tight.
- Reattach the primer alarm to complete the installation.

#### 2. Usage

- Ensure that the holder is properly installed before using your reloading press.
- Monitor the holder during operation for stability and performance.
- If you notice any issues, stop using the product and inspect for potential problems.

### Disposal Instructions

- Dispose of the product responsibly in accordance with local regulations.
- Do not dispose of the product in household waste if it contains hazardous materials.
- Check with local waste management for appropriate disposal methods for plastic components.

### Contact Information for Further Support

For any questions or concerns regarding the ARMANOV Dillon Primer Rod Holder Blue, please reach out to your local distributor or contact the manufacturer directly for assistance.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities. Enjoy using your ARMANOV Dillon Primer Rod Holder Blue!
