

# Mirror for Dillon Case-feeder

[Reloading](#) > [Reloading Presses](#) > [Reloading Press Accessories](#)

Mirror for case feeder is a simple solution for keeping control of quantity of cases inside case feeder.

Case feeder is inherently mounted high, too high for most people to peek into it.

You may have to check how many cases you still have in the case feed bowl re-fill or to inspect at any case feed based stoppage.

Now instead of looking out for a chair, ladder or something similar just to have a look, here's a simple and reliable convex mirror which allows you to see every corner of case feed bowl.

It fits all Dillon Case feeders and likely most others too.

The installation takes only few seconds and requires no tools.

Just mount on the edge of case feeder and position the mirror as it fits you.

# Safety Instruction Guide for ARMANOV Mirror for Dillon CaseFeeder

## Introduction

Thank you for choosing the ARMANOV Mirror for Dillon CaseFeeder. This product is designed to enhance your experience by providing a clear view of the case feed bowl, allowing you to monitor the quantity of cases easily. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always ensure the mirror is securely attached before use to prevent accidents.
- Regularly inspect the mirror for any signs of damage or wear.
- Keep the mirror out of reach of children to avoid potential hazards.
- Do not use the mirror for any purpose other than its intended use.
- If you notice any defects or issues with the mirror, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

- Ensure that the area around the case feeder is clear of any obstacles before installation.
- Do not lean over the case feeder while adjusting the mirror to prevent falling or injury.
- Avoid using the mirror in wet or damp conditions to prevent slipping or electrical hazards.
- Always position the mirror at a safe distance to avoid accidental breakage.
- If the mirror becomes damaged, do not attempt to repair it. Dispose of it properly.

## Instructions for Installation and Usage

### 1. Installation:

- Remove the mirror from its packaging.
- Identify the edge of the case feeder where you want to mount the mirror.
- Align the mirror with the edge and press it firmly into place.
- Adjust the angle of the mirror to ensure a clear view of the case feed bowl.
- Ensure the mirror is securely mounted before proceeding to use the case feeder.

### 2. Usage:

- Stand at a safe distance from the case feeder.
- Use the mirror to check the quantity of cases in the case feed bowl.
- If you need to refill the bowl, ensure the feeder is turned off before doing so.
- Regularly check the mirror's position and adjust if necessary for optimal visibility.

## Disposal Instructions

- When disposing of the mirror, ensure it is done in accordance with local regulations for nonhazardous waste.
- Do not dispose of the mirror in regular household waste if it is damaged or broken; follow your local guidelines for disposal of such items.
- Consider recycling the mirror if possible, following local recycling programs.

## **Contact Information for Further Support**

For any questions or concerns regarding the ARMANOV Mirror for Dillon CaseFeeder, please refer to the product packaging for contact information or consult the manufacturer's website. It is essential to ensure you have the correct information for any safety inquiries or support.

Thank you for your attention to these safety instructions. Enjoy your experience with the ARMANOV Mirror for Dillon CaseFeeder!
