

# Stencil for Brass Marking - .40S&W - .45ACP

[Reloading](#) > [Measuring Tools](#) > [Case Gauges & Headspace Tools](#)

Some people mark ammo brass to keep up with how many times it has been fired and so they can later identify brass ownership.

We designed Stencils that are specially designed for marking ammo.

This stencil is fully compatible with our **Ammo checker**.

Each stencil set comes with 1 colour marker.

You can use any permanent marker that only leaves thin layer if color and does not leave any coat of lacquer that may reduce firearm reliability.

Brass Stencils are made from stainless steel and are quick to assemble and easy to apply, the solvent resistant plates can be used again and again.

# Safety Instruction Guide for ARMANOV Stencil for Brass Marking

## Introduction

Thank you for choosing the ARMANOV Stencil for Brass Marking. This product is designed to assist you in marking your ammunition brass safely and effectively. Please read this safety instruction guide carefully to ensure safe usage and compliance with the relevant safety regulations.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose of marking brass ammunition.
- Always follow local laws and regulations regarding ammunition and firearms.
- Keep the stencil and markers out of reach of children and vulnerable individuals.
- Inspect the stencil and markers regularly for any signs of damage or wear before use.
- Report any unsafe products or accidents to the appropriate authorities and check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use only permanent markers that leave a thin layer of color without a lacquer coating, as this can affect firearm reliability.
- Avoid inhaling fumes from markers during use; ensure adequate ventilation in your working area.
- Do not use the stencil for any other purpose than marking brass.
- Wear protective gloves when handling the stencil and markers to avoid skin irritation.
- If any irritation occurs during use, discontinue use immediately and seek medical advice.

## Instructions for Installation and Usage

### 1. Assembly of the Stencil:

- Remove the stencil from its packaging.
- Align the stencil properly to ensure accurate marking.
- Secure the stencil in place using the provided assembly tools or clamps if necessary.

### 2. Marking Process:

- Select a suitable permanent marker that complies with the specified requirements.
- Position the stencil over the brass casing you wish to mark.
- Apply gentle pressure to ensure the stencil stays in place while marking.
- Carefully color in the stencil openings with the marker, ensuring even coverage.
- Allow the marking to dry completely before handling the brass.

### 3. Cleaning and Maintenance:

- After use, clean the stencil with a suitable solvent to remove any residual ink.
- Store the stencil in a dry, safe place away from direct sunlight and moisture.

## Disposal Instructions

- Dispose of any used markers and damaged stencils in accordance with local waste disposal regulations.
- Do not dispose of the product in household waste; check for local recycling options.

## Contact Information for Further Support

For any inquiries regarding safety or product usage, please refer to the manufacturer's contact details provided with your product. Ensure you have your product information ready for a more efficient response.

Please ensure that you follow these guidelines carefully to maintain a safe working environment while using the ARMANOV Stencil for Brass Marking. Your safety is our priority.
