

# Stencil for Brass Marking - 9x19 - 9x21 - .38 Super Comp

[Reloading](#) > [Measuring Tools](#) > [Case Gauges & Headspace Tools](#)

Some people mark ammo brass to keep up with how many times it has been fired and so they can later identify brass ownership.

We designed Stencils that are specially designed for marking ammo.

This stencil is fully compatible with our **Ammo checker**.

Each stencil set comes with 1 colour marker.

You can use any permanent marker that only leaves thin layer if color and does not leave any coat of lacquer that may reduce firearm reliability.

# Safety Instruction Guide for ARMANOV Stencil for Brass Marking

## Introduction

Thank you for choosing the ARMANOV Stencil for Brass Marking. This product is designed to assist you in marking your ammunition brass safely and effectively. Please read this safety instruction guide carefully to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the stencil is used only for its intended purpose: marking ammo brass.
- Always handle the stencil and any marking tools with care to avoid injury.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the stencil for any signs of damage. Do not use if damaged.
- Follow all local laws and regulations regarding ammunition marking and use.

## Specific Safety Precautions for Use

- Use only permanent markers that leave a thin layer of color and do not contain lacquer, as this may affect firearm reliability.
- Avoid using the stencil in environments where it may come into contact with moisture or solvents that could degrade the material.
- Do not attempt to modify or alter the stencil in any way.
- Always wear appropriate personal protective equipment, such as gloves and safety glasses, when using the stencil and markers.
- Ensure that the workspace is clean and free of clutter to minimize the risk of accidents.

## Instructions for Installation and Usage

### 1. Assembly of the Stencil:

- Remove the stencil from its packaging.
- Ensure all parts are present and undamaged.
- Follow the assembly instructions provided in the packaging if applicable.

### 2. Marking Process:

- Select a suitable permanent marker that meets the safety requirements.
- Place the stencil on the brass casing, ensuring it is aligned correctly.
- Apply gentle pressure to hold the stencil in place.
- Use the marker to fill in the stencil design. Avoid excessive force to prevent smearing.
- Carefully remove the stencil after marking and allow the ink to dry completely before handling the brass.

### 3. Storage:

- After use, clean the stencil with a suitable solvent if necessary, and dry it thoroughly.
- Store the stencil in a cool, dry place, away from direct sunlight and moisture.

## Disposal Instructions

- Dispose of any used markers and packaging materials in accordance with local waste disposal regulations.
- If the stencil becomes damaged beyond repair, dispose of it responsibly, ensuring it does not pose a risk to the environment.

## Contact Information for Further Support

For any inquiries regarding the safety and use of the ARMANOV Stencil for Brass Marking, please refer to the manufacturer's contact information provided with the product packaging or visit the official website.

## Conclusion

By following these safety instructions, you can ensure a safe and effective experience while using the ARMANOV Stencil for Brass Marking. Always prioritize safety and compliance with local regulations when marking your ammunition brass. Thank you for your attention to these guidelines.
