

# S-Rack

[Shooting Accessories](#) > [Gun Storage](#) > [Safe Accessories](#)

Give your silencer its own place on the inside of the door of your gun safe with the S-Rack silencer bracket.

The S-Rack silencer bracket clings reliably to metal surfaces thanks to neodymium magnets and an anti-slip coating.

Thanks to the combination of four strong neodymium magnets and durable anti-slip rubber, installation is child's play and relocation is possible at any time.

The inner diameter is 52mm with reducing cap inserted.

Without reducing cap silencers with a diameter of up to 68mm can be used and adjusted.

The adjustment depth at the front is 97mm and at the back 119mm

This means that almost all common silencers with and without a protective cover fit in easily and can also easily be removed.

More information:

- The in Germany manufactured S-Rack is manufactured in an injection molding process from highly stable glass fiber reinforced polymer as commonly used in the production of modern guns / magazines and is already known from the AlphaGrip.

## Scope of delivery:

- 1x S-Rack

## Attributes

- Name: [ALPHA PRECISION S-Rack](#)
- Manufacturer: [ALPHA PRECISION](#)
- Product no.: EU2009967
- Mfr. No.: 13112020
- Material: Injection-molded polymer
- Delivery weight: 0.16kg
- Shipping height: 133mm
- Shipping width: 86mm
- Shipping length: 86mm
- EAN: 0711906023498

# Safety Instruction Guide for ALPHA PRECISION SRACK

## Introduction

Thank you for purchasing the ALPHA PRECISION SRACK. This guide provides essential safety instructions and information for the proper use of the SRack silencer bracket. Please read this guide carefully to ensure safe handling and installation.

## General Safety Guidelines

- Follow all instructions provided in this guide to ensure safe use of the SRack.
- Ensure the SRack is installed securely to prevent accidental dislodging.
- Always check the compatibility of your silencer with the SRack dimensions before use.
- Keep the SRack out of reach of children and vulnerable individuals to prevent accidents.
- Report any unsafe conditions or product malfunctions to the appropriate authorities.

## Specific Safety Precautions for Use

### • Hazard Identification:

- The SRack is designed for use with firearm silencers. Improper use may result in damage or personal injury.
- Ensure that the SRack is not overloaded beyond its designed capacity.

### • Avoiding Hazards:

- Do not use the SRack if the magnets are damaged or if the antislip coating is worn.
- Ensure that the surface where the SRack is mounted is clean and free of debris to maintain magnetic adhesion.
- Regularly inspect the SRack for wear and tear, and replace if necessary.

### • Warnings:

- This product is not intended for use by children. Keep out of reach of minors.
- Always handle firearms and accessories with care and in accordance with local laws and regulations.

## Instructions for Installation and Usage

### 1. Installation:

- Clean the metal surface where you intend to install the SRack to ensure proper adhesion.
- Position the SRack on the desired location and press firmly to engage the neodymium magnets.
- Ensure that the SRack is level and securely attached before placing any silencers on it.

### 2. Usage:

- Insert the silencer into the SRack, ensuring it fits snugly within the inner diameter of 52mm (with reducing cap).
- If using a silencer without a reducing cap, ensure it does not exceed the maximum diameter of 68mm.
- Adjust the silencer depth as needed, utilizing the adjustment depth of 97mm at the front and

119mm at the back.

### **3. Relocation:**

- If you need to relocate the SRack, gently pull it away from the surface. Ensure that no damage occurs to either the SRack or the mounting surface.
- Clean the new location and follow the installation instructions again.

## **Disposal Instructions**

- Dispose of the SRack in accordance with local regulations regarding plastic and electronic waste.
- Do not dispose of the SRack in regular household waste. Check with local waste management services for proper disposal methods.

## **Contact Information for Further Support**

For safety inquiries or to report an unsafe product, please contact the appropriate consumer safety authority in your country. You can also check for recall updates on the EU's Safety Gate platform.

By following these guidelines, you can ensure the safe and effective use of the ALPHA PRECISION SRACK. Thank you for prioritizing safety!
