

# AR10 - Black AR Diamond Curved

[Rifle Parts](#) > [Triggers Parts](#) > [Triggers](#)

## Material Details

1. **Housing:** 7075 Aluminum (annodized)
2. **Key Components:** 440C Stainless Steel
3. PVD stands for Physical Vapour Deposition. It is a hard and durable coating that is applied to external stainless components to give them a clean black color.

## Description

Our AR10 Triggers are built for top competitive shooters to offer the most accurate and dependable trigger on the market. Featuring Frictionless Release Technology™, this drop-in AR trigger has a short, two-stage action, designed to feel like a 1911 trigger, that provides a true zero-creep break, extremely short overtravel, a sub 0.015" tactical reset and offers outstanding reliability, even in the harshest environments. Changing the pull weight does not affect hammer force so you get dependable primer strikes at every weight. Frictionless Release Technology™, along with hardened 440C stainless steel internal components ensure corrosion resistance and an extended service life. As Frictionless Release Technology™ does not rely on coating, polishing or lubricating the key engagement surfaces, trigger pulls will be more consistent from shot to shot and after thousands of shots than you ever thought possible.

# TRIGGERTECH AR10 Black AR Diamond Curved Trigger Safety Instructions

## Introduction

Thank you for choosing the TRIGGERTECH AR10 Black AR Diamond Curved Trigger. This guide provides essential safety instructions to ensure the safe use and handling of your trigger. Please read this document carefully before installation and use.

## General Safety Guidelines

- Always treat every firearm as if it is loaded.
- Ensure that the trigger is installed correctly according to the instructions provided.
- Keep the trigger and all firearm components away from children and unauthorized users.
- Regularly inspect your trigger for any signs of wear or damage before use.
- Only use ammunition that is compatible with your firearm.
- Follow all local laws and regulations regarding firearm use and ownership.
- Be aware of your surroundings and ensure a safe environment when handling firearms.

## Specific Safety Precautions for Use

- Do not modify the trigger or any of its components.
- Avoid using the trigger in wet or humid conditions to prevent corrosion.
- Ensure that your hands are clean and dry when handling the trigger.
- Store the trigger in a safe, dry location when not in use.
- If you experience any malfunctions, cease use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Installation

- Ensure your firearm is unloaded and pointed in a safe direction.
- Remove the existing trigger assembly from your firearm following the manufacturer's guidelines.
- Carefully install the TRIGGERTECH AR10 trigger by following the provided installation instructions.
- Ensure that all components are securely fastened and that the trigger operates smoothly.
- Test the trigger function without ammunition before using it in the field.

### 2. Usage

- Always check the trigger's function before each use.
- Maintain a proper grip and stance when using your firearm.
- Be aware of the trigger pull weight and ensure it is set to your preference without affecting hammer force.
- Practice good shooting habits and follow all safety protocols during use.

## Disposal Instructions

- Dispose of the trigger and its components in accordance with local regulations.
- Do not throw away in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or concerns, please reach out to the manufacturer's support team through the designated contact methods provided with your product.

By following these safety instructions, you help ensure a safe and enjoyable experience with your TRIGGERTECH AR10 Black AR Diamond Curved Trigger. Always prioritize safety and responsibility when handling firearms.
