Description

The Rem 700 Special is an upgraded version of the Primary model which further enhances accuracy and precision on any Remington 700 model rifle. Due to the exceptionally crisp break, most shooters report the pull weights feeling ~0.5lbs lighter than a friction based trigger of the same measured weight. Just like the Primary model, this drop-in trigger provides a true zero-creep break, extremely short overtravel and offers outstanding reliability, even in the harshest environments. Frictionless Release Technology™, along with hardened 440C stainless steel internal components ensure corrosion resistance and an extended service life. As Frictionless Release Technology™ does not rely on coating, polishing or lubricating the key engagement surfaces, trigger pulls will be more consistent from shot to shot and after thousands of shots more than you ever thought possible.

Attributes

- Name: [TRIGGERTECH Rem700 Special - Right - No bolt release - Traditional Curved \(Stainless\)](#)
- Manufacturer: [TRIGGERTECH](#)
- Product no.: EU2010013
- Mfr. No.: R70-SBS-13-TNC

TRIGGERTECH REM700 SPECIAL RIGHT NO BOLT RELEASE TRIGGER Safety Instruction Guide

Introduction

Thank you for choosing the TRIGGERTECH REM700 SPECIAL RIGHT NO BOLT RELEASE TRIGGER. This product is designed to enhance the accuracy and precision of your Remington 700 model rifle. To ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR), please read this safety instruction guide carefully.

General Safety Guidelines

- Always handle firearms and firearm components with care and respect.
- Ensure that you are familiar with the operation of your Remington 700 model rifle before installing or using this trigger.
- Keep the trigger and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the trigger for signs of wear or damage. Do not use if damaged.
- If you are unsure about any aspect of the installation or usage, seek assistance from a qualified gunsmith or firearms expert.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installing or adjusting the trigger.
- Use appropriate personal protective equipment (PPE) such as safety glasses when handling firearms.
- Avoid using the trigger in wet or humid conditions to prevent corrosion.
- Be aware of your surroundings and ensure that you are in a safe environment when testing the trigger.
- Follow all local laws and regulations regarding firearms and their components.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is completely unloaded.
- Gather necessary tools for installation (e.g., screwdriver, torque wrench).

2. Installation Steps

- Remove the existing trigger from your Remington 700 model rifle following the manufacturer's instructions.
- Carefully install the TRIGGERTECH REM700 SPECIAL trigger into the trigger housing.
- Ensure that all screws are tightened to the manufacturer's recommended specifications.
- Test the trigger pull weight and adjust as necessary according to your preference.

3. Usage Instructions

- Before each use, perform a safety check to ensure the trigger and firearm function correctly.
- Practice responsible shooting habits, including identifying your target and what lies beyond it.
- Regularly clean and maintain your trigger to ensure optimal performance.

Disposal Instructions

- Dispose of any packaging materials in accordance with local recycling guidelines.
- If the trigger or any component becomes damaged beyond repair, dispose of it responsibly, following

local regulations for hazardous materials if applicable.

Contact Information for Further Support

For any inquiries regarding safety, installation, or product performance, please contact the manufacturer or a qualified firearms expert. Ensure that you have the product details available for reference.

By following these guidelines, you can ensure a safe and enjoyable experience with your TRIGGERTECH REM700 SPECIAL RIGHT NO BOLT RELEASE TRIGGER. Thank you for your attention to safety and responsible firearm handling.
