## Description

The first Rem 700 Diamond Trigger was shown at the 2017 NRA Show. Since then TriggerTech has worked with the K&M Shooting Team and several leading R700 Clone action manufacturers to refine the product. The diamond will make you aware of the creep that exists in other triggers. Due to the exceptionally crisp break, most shooters report the pull weights feeling significantly lighter than a friction based trigger of the same measured weight. Five of the critical Diamond components are assembled as matched set to enable a true zero-creep break, extremely short overtravel and offers outstanding reliability, even in the harshest environments. Frictionless Release Technology™, along with hardened 440C stainless steel internal components ensure corrosion resistance and an extended service life. As Frictionless Release Technology™ does not rely on coating, polishing or lubricating the key engagement surfaces, trigger pulls will be more consistent from shot to shot and after thousands of shots more than you ever thought possible.

## Attributes

- Name: [TRIGGERTECH Rem700 Diamond - Right - No bolt release - Straight Flat \(PVD Black\)](#)
- Manufacturer: [TRIGGERTECH](#)
- Product no.: EU2010019
- Mfr. No.: R70-SRB-02-TNF
- Model: 700
- Style: Adjustable
- Weapon type: Remington
- Delivery weight: 0.14kg
- Shipping height: 38mm
- Shipping width: 102mm
- Shipping length: 140mm
- UPC: 885768000710

# TRIGGERTECH REM700 DIAMOND RIGHT NO BOLT RELEASE TRIGGER Safety Instruction Guide

## Introduction

Thank you for choosing the TRIGGERTECH Rem700 Diamond Trigger. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your product. Please read this document carefully before using the trigger to understand the necessary precautions and instructions.

## General Safety Guidelines

- Always handle firearms and their components with care and respect.
- Ensure that the trigger is installed correctly before use.
- Keep the trigger and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the trigger for any signs of wear or damage.
- Use the product only for its intended purpose as specified in this guide.
- Follow all local laws and regulations regarding firearms and their components.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure the firearm is unloaded before installing or adjusting the trigger.
- Do not modify the trigger or any of its components in any way.
- Avoid using the trigger in extreme environmental conditions that may affect its performance.
- Be aware of the trigger's exceptionally crisp break; practice handling to become accustomed to its sensitivity.
- If you experience any issues with the trigger, discontinue use immediately and seek professional assistance.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is completely unloaded and pointed in a safe direction.
- Remove the existing trigger mechanism from the firearm following the manufacturer's guidelines.
- Carefully install the TRIGGERTECH Rem700 Diamond Trigger according to the provided installation instructions.
- Ensure all screws and components are securely tightened before use.

### 2. Usage:

- Before firing, ensure that the firearm is in a safe environment and that you are familiar with its operation.
- Practice dry firing in a safe environment to become accustomed to the trigger's feel and operation.
- After installation, conduct a function check to ensure the trigger operates correctly.
- Always wear appropriate eye and ear protection when using the firearm.

## Disposal Instructions

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- If the trigger or any of its components are damaged beyond repair, dispose of them responsibly, ensuring they cannot be reused or cause harm.

## Contact Information for Further Support

For any inquiries regarding safety or product support, please contact the manufacturer or your local dealer. Always ensure that you have the product details at hand for efficient assistance.

This safety instruction guide is designed to comply with the EU General Product Safety Regulation (GPSR) and to ensure your safety while using the TRIGGERTECH Rem700 Diamond Trigger. Always prioritize safety and responsible usage.
