

REM700 SPECIAL - TWO STAGE - RIGHT - NO BOLT RELEASE - TRIGGERTECH Rem700 Special - Two-Stage - Right - No bolt release - Straight Flat (PVD Black)

[Rifle Parts](#) > [Triggers Parts](#) > [Triggers](#)

Material Details

1. Housing: 7075 Aluminum (anodized)
2. Key Components: 440C Stainless Steel
3. PVD Black – PVD stands for Physical Vapour Deposition. It is a hard and durable coating that is applied to external stainless components to give them a clean black color.

Description

Our most complex and technologically advanced trigger yet. Developed with the same unmatched zero-creep break, tactile pull weight adjustment (on both stages), rugged design, and no compromise engineering. Our focus on safety led us to develop the first Rem 700 trigger with four points of safety. This is a new level of performance and safety for those who prefer some movement before the wall. Four points of safety:

4. Ticker Blocker – prevents the ticker from moving while on safe.
5. Sear Blocker – prevents the sear from dropping while on safe.
6. First-Stage Lockout – the tumbler locks out the first stage while on safe. The first-stage will not move while on safe, giving the shooter immediate confirmation that the safety is engaged.
7. First-Stage Safety – even when on fire the first-stage blocks the ticker until the first-stage is actuated.

The adjustment feature utilizes externally accessible set screw for both stages. Due to the exceptionally crisp break the activation energy is less than friction-based triggers. Most shooters report the pull weights feeling significantly lighter than a friction-based trigger of the same measured weight. The triggers components are assembled as a matched set to enable a true zero-creep break, extremely short overtravel and offers outstanding reliability, even in the harshest environments. Frictionless Release Technology™, along with hardened 440C stainless steel internal components ensure corrosion resistance and an extended service life. As Frictionless Release Technology™ does not rely on coating, polishing or lubricating the key engagement surfaces, trigger pulls will be more consistent from shot to shot and after thousands of shots more than you ever thought possible.

Attributes

- Name: [TRIGGERTECH Rem700 Special - Two-Stage - Right - No bolt release - Straight Flat \(PVD Black\)](#)
- Manufacturer: [TRIGGERTECH](#)
- Product no.: EU2010033
- Mfr. No.: R70-TCB-13-TNF
- Model: 700
- Style: Adjustable
- Weapon type: Remington
- Delivery weight: 0.14kg

NO IMAGE
AVAILABLE

- Shipping height: 38mm
- Shipping width: 102mm
- Shipping length: 140mm

Safety Instruction Guide for TRIGGERTECH REM700 SPECIAL TWO STAGE RIGHT NO BOLT RELEASE

Introduction

Thank you for choosing the TRIGGERTECH REM700 SPECIAL TWO STAGE RIGHT NO BOLT RELEASE. This guide provides essential safety information and instructions to ensure the safe use and maintenance of your trigger. Please read this guide carefully before use to understand the safety precautions and operational guidelines.

General Safety Guidelines

- Always treat the trigger as if it is loaded.
- Keep the trigger pointed in a safe direction at all times.
- Ensure the safety mechanism is engaged when the trigger is not in use.
- Do not alter or modify the trigger in any way.
- Store the trigger in a secure location, out of reach of children and unauthorized users.
- Inspect the trigger regularly for any signs of wear or damage.
- Use only compatible firearms with this trigger to ensure proper functionality.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Ticker Blocker:** Always ensure the ticker blocker is functional to prevent movement while on safe.
- **Sear Blocker:** Confirm that the sear blocker is operational to prevent the sear from dropping while on safe.
- **FirstStage Lockout:** Make sure the tumbler locks out the first stage while on safe to provide immediate confirmation that safety is engaged.
- **FirstStage Safety:** Understand that even when on fire, the firststage blocks the ticker until actuated.
- **External Adjustments:** Use the externally accessible set screw for both stages only as instructed. Avoid overtightening.
- **Frictionless Release Technology:** Familiarize yourself with the trigger's unique technology to ensure consistent performance.

Instructions for Installation and Usage

Installation

1. **Read the Manual:** Before installation, read this manual thoroughly.
2. **Gather Tools:** Ensure you have the necessary tools for installation, including screwdrivers and wrenches.
3. **Safety First:** Make sure the firearm is unloaded and pointed in a safe direction.
4. **Remove Old Trigger:** Follow the manufacturer's instructions to safely remove the existing trigger from your firearm.
5. **Install the TRIGGERTECH REM700 Trigger:**
 - Align the trigger with the mounting points on the firearm.
 - Secure the trigger using the screws provided, ensuring it is tightly fastened but not overtorqued.
6. **Adjust Settings:** Use the externally accessible set screw to adjust the pull weight as desired, following the manufacturer's guidelines.
7. **Function Test:** After installation, perform a function test to ensure the trigger operates correctly.

Usage

- Always ensure the safety is engaged when the firearm is not in use.
- Familiarize yourself with the trigger's pull weight and operation before live firing.
- Practice in a controlled environment to become accustomed to the trigger's feel and response.
- Regularly check the trigger for proper operation and any signs of wear.

Disposal Instructions

- Dispose of the trigger in accordance with local regulations.
- If the trigger is damaged or no longer functional, do not attempt to repair it. Dispose of it responsibly.
- Ensure that all components are disposed of in a way that prevents unauthorized access.

Contact Information for Further Support

For any questions or concerns regarding the TRIGGERTECH REM700 SPECIAL TWO STAGE RIGHT NO BOLT RELEASE, please refer to the manufacturer's website or customer support resources for assistance.

Thank you for prioritizing safety while using your TRIGGERTECH product. Your adherence to these guidelines contributes to a safer shooting experience.
