Description

The Rem 700 Primary is the ideal upgrade to improve accuracy and precision on any Remington 700 model rifle. Featuring TriggerTech's Frictionless Release Technology™, this drop-in trigger provides a true zero-creep break, extremely short over-travel and offers outstanding reliability, even in the harshest environments. Due to the exceptionally crisp break, most shooters report the pull weights feeling ~0.5lbs lighter than a friction based trigger of the same measured pull weight. Frictionless Release Technology™, along with hardened 440C stainless steel internal components ensure corrosion resistance and an extended service life. As Frictionless Release Technology™ does not rely on coating, polishing or lubricating the key engagement surfaces, trigger pulls will be more consistent from shot to shot and after thousands of shots more than you ever thought possible.

Attributes

- Name: [TRIGGERTECH Rem700 Primary - Right - Bolt release - Straight Flat \(Stainless\)](#)
- Manufacturer: [TRIGGERTECH](#)
- Product no.: EU2010048
- Mfr. No.: R70-SBS-14-TBF
- Model: 700
- Style: Adjustable
- Weapon type: Remington
- Delivery weight: 0.14kg
- Shipping height: 38mm
- Shipping width: 102mm
- Shipping length: 140mm
- UPC: 885768000017

Safety Instruction Guide for TRIGGERTECH REM700 PRIMARY RIGHT BOLT RELEASE TRIGGER

Introduction

Thank you for choosing the TRIGGERTECH REM700 PRIMARY RIGHT BOLT RELEASE TRIGGER. This guide provides essential safety instructions to ensure the safe and effective use of your trigger. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle firearms with care, following all safety protocols.
- Keep the trigger and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the trigger for any signs of wear or damage.
- Report unsafe products and accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always ensure the firearm is unloaded before installing or adjusting the trigger.
- Do not modify the trigger in any way that may affect its safety features.
- Use only compatible Remington 700 models with this trigger.
- Avoid using the trigger in extreme weather conditions without proper maintenance.
- Be aware of the trigger pull weight. Most users report it feels approximately 0.5 lbs lighter than traditional frictionbased triggers.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is completely unloaded and safe to handle.
- Remove the existing trigger from the Remington 700 model according to the manufacturer's instructions.
- Follow the specific installation instructions provided with the TRIGGERTECH Rem700 Primary trigger. Ensure all components are securely fastened.
- After installation, perform a function check to ensure the trigger operates correctly.

2. Usage:

- Familiarize yourself with the trigger's operation before using it in the field.
- Practice dry firing in a safe environment to understand the trigger's feel and response.
- Always maintain a proper shooting stance and grip while using the trigger.
- Ensure that you are in a safe shooting area, away from other people and animals.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the trigger in regular household waste.
- If the trigger is damaged or no longer in use, contact your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or further assistance regarding your TRIGGERTECH REM700 PRIMARY RIGHT BOLT RELEASE TRIGGER, please refer to the official TRIGGERTECH website or contact their customer support.

Please keep this guide for future reference and ensure that all users of the TRIGGERTECH REM700 PRIMARY RIGHT BOLT RELEASE TRIGGER are aware of these safety instructions. Your safety is our priority.
