

# MC-Tech AR-15 Handguard 15 - MC-Tech AR-15 Handguard - 15 - Aircraft Aluminum

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

The MC-Tech forend has been developed and tested for suitability by Mario's Shooting World GmbH over the last 2 years.

The following advantages could be realized:

Smallest possible diameter with gas tube inside.

Easy assembly because the barrel groove does not need to be spaced, so no shims need to be used.

NO IMAGE  
AVAILABLE

High quality finish in material and manufacturing tolerances.

This handguard is made entirely of aluminum in compliance with high quality standards.

It is black anodized, has an outer diameter of 43mm and an overall length of 15"" (380mm).

**Attention only compatible with a low profile gas block!**

Go to the assembly instructions [here](#).

# MCTech AR15 Handguard Safety Instructions

## Introduction

Thank you for choosing the MCTech AR15 Handguard. This product has been developed with safety and quality in mind. Please read this safety instruction guide carefully to ensure safe usage and installation of your handguard.

## General Safety Guidelines

- Ensure that the handguard is compatible with your firearm before installation. It is designed only for use with a low profile gas block.
- Always wear appropriate safety gear, including eye protection, when handling firearms and firearm accessories.
- Keep the handguard and all firearm components out of reach of children and unauthorized users.
- Do not modify the handguard in any way, as this may compromise its safety and performance.
- Regularly inspect the handguard for any signs of wear or damage. If any issues are found, discontinue use immediately and consult a qualified gunsmith.
- Follow all local laws and regulations regarding the use and installation of firearm accessories.

## Specific Safety Precautions for Use

- When installing the handguard, ensure that the firearm is unloaded and the safety is engaged.
- Avoid placing your hands or any body parts in front of the muzzle when working with the firearm.
- Be aware of your surroundings and ensure that you are in a safe environment when using the firearm.
- If you experience any difficulties during installation or usage, consult a qualified professional for assistance.
- Do not use the handguard if it shows any signs of damage or if it has been involved in a malfunction.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that your firearm is unloaded and the safety is engaged.
- Gather all necessary tools for installation.

### 2. Installation:

- Remove the existing handguard from your firearm according to the manufacturer's instructions.
- Align the MCTech AR15 Handguard with the barrel and ensure it fits securely.
- Secure the handguard in place using the provided mounting hardware. Do not overtighten, as this may cause damage.
- Check that the gas tube is properly installed within the handguard.
- Confirm that the handguard is firmly attached and does not move when pulled.

### 3. Usage:

- After installation, ensure that the handguard is functioning properly before use.
- Regularly inspect the handguard during use to ensure it remains secure and undamaged.
- Follow all firearm safety protocols when using your firearm with the installed handguard.

## **Disposal Instructions**

- Dispose of the handguard in accordance with local regulations regarding aluminum waste.
- If the handguard is damaged beyond use, ensure it is disposed of safely to prevent injury to others.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the MCTech AR15 Handguard, please contact your local distributor or refer to the manufacturer's website for further information.

## **Conclusion**

Your safety is our priority. By following these guidelines and instructions, you can ensure the safe and effective use of your MCTech AR15 Handguard. Thank you for your attention to these safety instructions.
