

# MC-Tech AR-15 Handguard 15 - MC-Tech AR-15 Handguard - 15 - Carbon

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

The MC-Tech forend has been developed and tested for suitability by Mario's Shooting World GmbH over the last 2 years.

The following benefits could be realized:

Smallest possible diameter with internal gas pipe.

Easy assembly because the barrel groove does not need to be spaced, so no shims need to be used.

High quality finish in material and manufacturing tolerances.

In this handguard, the barrel groove and the sleeve is made of aluminum black anodized and the tube is made of carbon in compliance with high quality standards.

The outer diameter is 45mm, the total length is 15"" (380mm).

**Attention only compatible with a Low Profile Gas Block!**

# MCTech AR15 Handguard 15 Safety Instructions

## Introduction

Thank you for purchasing the MCTech AR15 Handguard 15. This safety instruction guide provides important information on how to safely use, install, and dispose of the product. Please read this guide carefully to ensure safe operation and compliance with EU safety regulations.

## General Safety Guidelines

- Ensure the product is used only as intended.
- Always handle firearms and firearm accessories with care.
- Keep the handguard and all firearm components away from children and unauthorized users.
- Regularly inspect the handguard for any signs of wear or damage before each use.
- If you notice any defects or issues, do not use the product and contact a qualified professional for assistance.
- Follow all local laws and regulations regarding the use of firearms and firearm accessories.

## Specific Safety Precautions for Use

- Only use the MCTech AR15 Handguard with a Low Profile Gas Block.
- Avoid exposing the handguard to extreme temperatures or harsh chemicals that may affect its integrity.
- Do not exceed the manufacturer's specifications for installation and use.
- Use appropriate tools and safety equipment when installing or modifying the handguard.
- Ensure that all components are securely attached before using the firearm.
- Be aware of your surroundings and ensure that you are in a safe environment when using the firearm.

## Instructions for Installation and Usage

### 1. Preparation for Installation

- Gather all necessary tools and components.
- Ensure that the firearm is unloaded and pointed in a safe direction.

### 2. Installation Steps

- Remove the existing handguard from your firearm, following the manufacturer's guidelines.
- Align the MCTech AR15 Handguard with the barrel groove and ensure it fits snugly.
- Secure the handguard in place without using shims or spacers, as the design eliminates the need for these.
- Tighten all screws and fittings according to the manufacturer's specifications, ensuring everything is secure.

### 3. Usage Instructions

- Once installed, check the handguard for stability.
- Test the firearm in a safe and controlled environment to ensure proper function.
- Regularly inspect the handguard during use to ensure it remains secure and free from damage.

## Disposal Instructions

- When the MCTech AR15 Handguard has reached the end of its life, dispose of it in accordance with local regulations.
- Do not dispose of the handguard in regular household waste.

- Check with local waste management authorities for proper disposal methods for carbon and aluminum materials.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the MCTech AR15 Handguard, please refer to the appropriate contact points provided by the manufacturer or retailer.

## **Conclusion**

Your safety is our priority. By following these guidelines and instructions, you can ensure the safe and effective use of your MCTech AR15 Handguard 15. Stay informed about safety recalls and updates through the EU's Safety Gate platform. Thank you for choosing MCTech.
