

LONG RANGE ARMS SEND-IT MV3-90 MOUNT

[Optics & Mounting](#) > [Optic Accessories](#) > [Scope Anti-Cant Devices](#)

A Must-Have Mount for Your Send iT Leveling Tool Mounting your Send iT MV3 leveling tool has never been easier, thanks to Long Range Arms' MV3-90 Mount. This allows you to mount the tool vertically on both sides of the scope tube, so it's perfect for left- and right-handed shooters. All you need is a short section of Picatinny rail, and this mount is so trim, you only need .3 inches of clearance between the tube and Picatinny rail to mount the unit. Be aware, though, that this mount does not work with previous versions of the Send iT leveling tool, only the MV3 model.

LONG RANGE ARMS SENDIT MV390 MOUNT Safety Instruction Guide

Introduction

Thank you for choosing the LONG RANGE ARMS SENDIT MV390 MOUNT. This guide provides essential safety instructions and information to ensure the safe and effective use of your product. Please read this guide carefully before installation and use.

General Safety Guidelines

- **Product Safety:** This mount is designed to ensure safe use when mounting your Send iT MV3 leveling tool. Please follow all instructions to avoid risks.
- **Enhanced Recalls:** In the event of a product recall, you will receive standardized notice and remedies at no cost.
- **Online Shopping:** Ensure that you purchase this product from authorized retailers who adhere to safety requirements.
- **Special Consumer Focus:** Extra care should be taken if the product is used by or around vulnerable groups, including children.
- **EU Contact Point:** For any safety inquiries, please refer to the EU contact point provided by your retailer.
- **Rapid Alerts:** Stay informed about product safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always ensure that the mount is compatible with the Send iT MV3 leveling tool. This mount does not work with earlier versions.
- Verify that you have the required clearance of at least 0.3 inches between the scope tube and Picatinny rail before installation.
- Do not exceed the recommended weight limit for the mount to prevent failure.
- Ensure that the mount is securely attached before using the leveling tool to avoid accidents.
- Inspect the mount regularly for any signs of wear or damage. Replace if necessary.
- Keep the mount and leveling tool out of reach of children when not in use.

Instructions for Installation and Usage

1. **Gather Required Tools:** You will need a short section of Picatinny rail and appropriate tools for securing the mount.
2. **Prepare the Mount:**
 - Ensure the mount is clean and free from debris.
 - Check that all components are included and undamaged.
3. **Install the Mount:**
 - Position the mount on the desired side of the scope tube.
 - Align the mount with the Picatinny rail.
 - Secure the mount using the provided hardware, ensuring it is firmly attached.
4. **Mount the Leveling Tool:**
 - Attach the Send iT MV3 leveling tool to the mount.
 - Ensure that the tool is securely fastened and does not move.
5. **Test the Setup:**
 - Before use, gently shake the mounted tool to ensure it is secure.
 - Conduct a test run to confirm proper functionality.

Disposal Instructions

- Dispose of the mount responsibly and in accordance with local regulations.
- Do not dispose of the mount in regular household waste.
- Check with local authorities for recycling options or designated disposal sites.

Contact Information for Further Support

For any questions or concerns regarding the LONG RANGE ARMS SENDIT MV390 MOUNT, please refer to the retailer or manufacturer's contact information provided at the time of purchase.

Thank you for your attention to these safety instructions. Enjoy using your LONG RANGE ARMS SENDIT MV390 MOUNT safely and effectively.
