

CKYE-POD Gen2 Bipods - MDT Accessories - Lightweight CkyePod - RRS BTC - Doublepull Legs - BLK

[Shooting Accessories](#) > [Bipods, Monopods & Accessories](#) > [Bipods](#)

Developed for the hardcore competition shooter, the Ckye-Pod Double Pull Bipod is a game changing piece of gear. A large emphasis was placed on strength, speed, and weight reduction; features that are evident in its hard-anodized aluminum construction, skeletonized legs, and single-handed operation. One of the Ckye-Pod's more notable features is its sheer versatility, with a height adjustment range of 9" to 18.5", as well as 170° of cant and 360° of pan compatibility allowing the user to mix and match the independently adjustable leg heights. The Ckye-Pod comes standard with spiked/claw feet for superior traction on virtually any surface, but these can be replaced with any Atlas style feet.

MDT CKYEPOD Gen2 Bipod Safety Instructions

Introduction

Thank you for choosing the MDT CKYEPOD Gen2 Bipod. This product is designed for hardcore competition shooters, focusing on strength, speed, and weight reduction. To ensure safe usage and maintenance of your bipod, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure that the bipod is used only for its intended purpose as a shooting support device.
- Always inspect the bipod before each use for any signs of damage or wear.
- Keep the bipod out of reach of children unless supervised by an adult.
- Do not use the bipod on unstable or uneven surfaces that may cause it to tip over.
- When using the bipod, maintain a clear area around your shooting position to avoid accidents.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Height Adjustment:** Ensure that the height adjustment mechanism is securely locked before using the bipod. Adjust the legs carefully to avoid pinching fingers.
- **Leg Stability:** Always ensure that the spiked/claw feet are properly engaged with the ground for maximum stability.
- **Weight Limit:** Do not exceed the weight limit specified by the manufacturer for the bipod to prevent structural failure.
- **Environmental Conditions:** Avoid using the bipod in extreme weather conditions (e.g., heavy rain, snow, or high winds) that may compromise its stability and performance.
- **Transporting the Bipod:** When transporting the bipod, ensure it is collapsed and secured to prevent accidental deployment.

Instructions for Installation and Usage

1. Unpacking the Bipod:

- Carefully remove the bipod from its packaging.
- Inspect all components for damage or missing parts.

2. Setting Up the Bipod:

- Extend the legs to the desired height by pulling the leg sections and ensuring they are securely locked in place.
- Adjust the cant and pan functions as needed for your shooting position.

3. Attaching the Bipod:

- Attach the bipod to your firearm using the provided mounting system.
- Ensure that the bipod is securely fastened and stable before taking your position.

4. Using the Bipod:

- Position the bipod on a stable surface.
- Adjust the leg heights independently if necessary to achieve a level shooting position.
- Utilize the spiked/claw feet for optimal traction.

5. PostUse Maintenance:

- Clean the bipod after each use to remove dirt and debris.
- Store the bipod in a dry place, away from direct sunlight and moisture.

Disposal Instructions

- Dispose of the bipod in accordance with local regulations for metal and plastic waste.
- Do not dispose of the bipod in regular household waste.
- If the bipod is damaged beyond repair, consider recycling the materials where possible.

Contact Information for Further Support

For any safety inquiries or concerns regarding the MDT CKYEPOD Gen2 Bipod, please contact your local MDT representative or visit the MDT website for additional support.

Thank you for your attention to these safety instructions. Enjoy using your MDT CKYEPOD Gen2 Bipod responsibly and safely.
