

CKYE-POD Gen2 Bipods - MDT Accessories - Lightweight CkyePod - RRS BTC - Standard Legs - BLK

[Shooting Accessories](#) > [Bipods, Monopods & Accessories](#) > [Bipods](#)

Developed for the hardcore competition shooter, the Ckye-Pod Single Pull Standard Bipod is a game changing piece of gear. A large emphasis was placed on strength and speed, features that are evident in its hard-anodized aluminum construction and single-handed operation. One of the Ckye-Pod's more notable features is its sheer versatility, with a height adjustment range of 9" to 15", as well as 170° of cant and 360° of pan compatibility, allowing the user to mix and match the independently adjustable leg heights to create the perfect position every time. The Ckye-Pod comes standard with spiked/claw feet for superior traction on virtually any surface, but these can be replaced with any Atlas style feet.

MDT CKYEPOD Gen2 Bipod Safety Instructions

Introduction

Thank you for choosing the MDT CKYEPOD Gen2 Bipod. This product is designed for competitive shooters seeking a lightweight and versatile bipod solution. To ensure safe and effective use of the CkyePod, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always inspect the bipod before use to ensure it is in good condition.
- Do not exceed the weight limit specified by the manufacturer.
- Ensure that the bipod is properly secured to your firearm before use.
- Keep the bipod away from children and unauthorized users.
- Be aware of your surroundings and ensure a safe shooting environment.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Height Adjustment:** Always adjust the bipod to the desired height before positioning your firearm.
- **Stability:** Ensure that the ground surface is stable and suitable for use with the bipod.
- **Leg Adjustment:** Adjust the independently adjustable legs carefully to avoid pinching fingers.
- **Claw Feet:** Use spiked/claw feet for better traction on soft surfaces. Replace with Atlas style feet only if compatible.
- **Transportation:** When transporting the bipod, ensure that it is secured and does not pose a hazard to yourself or others.

Instructions for Installation and Usage

1. Installation:

- Attach the bipod to your firearm using the provided mounting hardware.
- Ensure that the bipod is securely fastened and does not wobble.

2. Height Adjustment:

- Pull the height adjustment lever to extend or retract the legs.
- Release the lever to lock the legs in place at the desired height (9" to 15").

3. Cant and Pan Adjustment:

- To adjust cant, rotate the bipod head to the desired angle.
- For pan movement, rotate the bipod head to the left or right as needed.

4. Leg Adjustment:

- Press the leg release button to independently adjust the leg height.
- Ensure both legs are adjusted evenly for optimal stability.

5. Using the Bipod:

- Position the bipod on a stable surface before taking aim.
- Maintain a firm grip on your firearm while shooting.
- After use, retract the legs and store the bipod safely.

Disposal Instructions

- Dispose of the bipod in accordance with local regulations.
- If the bipod is damaged beyond repair, recycle its components if possible.
- Do not dispose of the bipod in regular household waste.

Contact Information for Further Support

For any safety inquiries or product support, please refer to the manufacturer's contact details provided in the product packaging or on the official website.

Conclusion

By following these safety instructions, you can ensure a safe and enjoyable experience with your MDT CKYEPOD Gen2 Bipod. Always prioritize safety and be aware of your surroundings while using this product. Thank you for your attention to these guidelines, and happy shooting!
