

# MEPRO M21 DAY/NIGHT SELF ILLUMINATED SIGHT (MIL SPEC) - MEPRO M21 4.3 BULLSEYE RETICLE WITH PICATINNY ADAPTER

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

Self-illuminated and battle-proven reflex sight. Originally developed for the Israel Defense Force (IDF), the Mepro M21 Red Dot Day/Night Self-Illuminated Reflex Sight represents the best of Meprolight® tritium technology and remains on active duty for the IDF and militaries and law enforcement worldwide. A red dot sight with fiber-optic illumination by day, Meprolight® tritium by night, it takes charge of any battlefield with no need for batteries, ever. Its rugged, battle-proven construction meets or exceeds rigorous MIL-STD-810 standards to thrive in the harshest conditions, with five available reticles and a big 30-millimeter lens for maximum situational awareness. Dual illuminated 1X "Red-Dot" reflex sight. The MEPRO M21 provides instant, all-light aiming without batteries. Maintenance FREE! No batteries, No switches always on. Always ready. compatible with carrying handle mount. Tritium and fiber-optic powered that uses ambient light when available during daylight and unique Tritium light source system that ensures bright reticle in low and night light. The transition between the two systems is instantaneous and automatic, ensuring good contrast between the aiming dot and the target area. Tritium luminance is warrantied for ten years. Large 30mm diameter lens with five different amber color reticles. MOA or 5.5 MOA dot, Triangle, 4.3 Bullseye, and X. Large field of view for rapid target acquisition. Increases accuracy and speed when firing under pressure. Rugged. Reliable in extreme weather conditions, Used by the Israel Defense Forces, militaries, and law enforcement agencies worldwide. The MEPRO M21 is suitable for Night Vision Goggles or scopes, including those with GEN III tubes and magnifying scopes, such as the Mepro MX3F/T. Easy positioning of Magnifier close to the sight's optics with no decrease in the field-of-view and without compromising convenient switch operation

# MEPRO M21 DAY/NIGHT SELF ILLUMINATED SIGHT Safety Instruction Guide

## Introduction

Thank you for choosing the MEPRO M21 Day/Night Self Illuminated Sight. This guide provides important safety information, installation instructions, and usage guidelines to ensure your safe and effective experience with this product. Please read this guide carefully before use.

## General Safety Guidelines

- Ensure that you understand the safety features of the MEPRO M21 sight before using it.
- Always handle the sight with care to avoid damage.
- Keep the sight out of reach of children and vulnerable individuals.
- Regularly inspect the sight for any signs of damage or wear.
- If you notice any irregularities in the sight's performance, discontinue use immediately and seek assistance.
- Follow all local laws and regulations regarding the use of optical sights and firearms.

## Specific Safety Precautions for Use

- Do not attempt to disassemble or modify the sight in any way.
- Avoid exposing the sight to extreme temperatures or harsh environmental conditions for prolonged periods.
- Ensure that the sight is securely mounted to your firearm before use.
- Always verify that your firearm is unloaded before attaching or detaching the sight.
- When using the sight in lowlight conditions, ensure that it is functioning properly by checking the tritium illumination.
- Do not look directly at the tritium light source or point it at anyone's eyes.
- Use the sight only for its intended purpose as specified in the product documentation.

## Instructions for Installation and Usage

### Installation

#### 1. Mounting the Sight

- Ensure that your firearm is unloaded.
- Align the MEPRO M21 sight with the Picatinny rail on your firearm.
- Securely fasten the sight using the appropriate mounting hardware provided.
- Doublecheck that the sight is firmly attached and does not wobble.

#### 2. Adjusting the Reticle

- Choose your desired reticle type from the five available options.
- Use the adjustment knobs to align the reticle with your point of aim.
- Make small adjustments and test the sight to ensure accuracy.

### Usage

#### 1. Aiming

- Use the dual illuminated feature to aim in various lighting conditions.

- In daylight, rely on the fiberoptic illumination.
- In lowlight conditions, the tritium illumination will automatically activate.

## 2. Target Acquisition

- Maintain a proper shooting stance and grip on your firearm.
- Use the large field of view provided by the 30mm lens for rapid target acquisition.
- Practice regularly to improve your accuracy and speed under pressure.

## 3. Maintenance

- The MEPRO M21 is maintenancefree; however, periodically check for dirt or debris on the lens.
- Clean the lens with a soft, dry cloth to avoid scratches.
- Store the sight in a cool, dry place when not in use.

## Disposal Instructions

- Dispose of the MEPRO M21 sight in accordance with local regulations for electronic waste.
- Do not dispose of the sight in regular household waste.
- If the sight is damaged or no longer functional, contact your local waste management authority for proper disposal methods.

## Contact Information for Further Support

For any questions or concerns regarding the MEPRO M21 Day/Night Self Illuminated Sight, please refer to the manufacturer's website or contact their customer support directly.

## Conclusion

By following these safety instructions and guidelines, you can ensure a safe and effective experience with your MEPRO M21 sight. Always prioritize safety and responsible usage while enjoying the benefits of this advanced optical sight. Thank you for choosing MEPROLIGHT!
