

# MEPRO M21 DAY/NIGHT SELF ILLUMINATED SIGHT (MIL SPEC) - MEPRO M21 4.3 MOA RETICLE WITH PICATINNY ADAPTER

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

Self-illuminated and battle-proven reflex sight. Originally developed for the Israel Defense Force (IDF), the Mepro M21 Red Dot Day/Night Self-Illuminated Reflex Sight represents the best of Meprolight® tritium technology and remains on active duty for the IDF and militaries and law enforcement worldwide. A red dot sight with fiber-optic illumination by day, Meprolight® tritium by night, it takes charge of any battlefield with no need for batteries, ever. Its rugged, battle-proven construction meets or exceeds rigorous MIL-STD-810 standards to thrive in the harshest conditions, with five available reticles and a big 30-millimeter lens for maximum situational awareness. Dual illuminated 1X "Red-Dot" reflex sight. The MEPRO M21 provides instant, all-light aiming without batteries. Maintenance FREE! No batteries, No switches always on. Always ready. compatible with carrying handle mount. Tritium and fiber-optic powered that uses ambient light when available during daylight and unique Tritium light source system that ensures bright reticle in low and night light. The transition between the two systems is instantaneous and automatic, ensuring good contrast between the aiming dot and the target area. Tritium luminance is warranted for ten years. Large 30mm diameter lens with five different amber color reticles. MOA or 5.5 MOA dot, Triangle, 4.3 Bullseye, and X. Large field of view for rapid target acquisition. Increases accuracy and speed when firing under pressure. Rugged. Reliable in extreme weather conditions, Used by the Israel Defense Forces, militaries, and law enforcement agencies worldwide. The MEPRO M21 is suitable for Night Vision Goggles or scopes, including those with GEN III tubes and magnifying scopes, such as the Mepro MX3F/T. Easy positioning of Magnifier close to the sight's optics with no decrease in the field-of-view and without compromising convenient switch operation

## Safety Instructions

### Introduction

Thank you for choosing the MEPRO M21 Day/Night Self Illuminated Sight. This guide provides essential safety instructions and usage information to ensure safe operation and compliance with EU safety regulations. Please read this document carefully before using the product.

### General Safety Guidelines

- Ensure that the sight is used in accordance with the manufacturer's instructions to prevent accidents.
- Regularly check the sight for any signs of damage or wear that may affect its performance.
- Always handle the sight with care and avoid dropping or exposing it to extreme impacts.
- Ensure that the sight is mounted securely to your firearm to prevent it from becoming dislodged during use.
- Keep the sight away from children and unauthorized users to prevent accidents.
- Report any unsafe products or accidents related to the sight to the appropriate authorities.

### Specific Safety Precautions for Use

- Do not use the sight if it shows any signs of damage, such as cracks or loose components.
- Avoid using the sight in conditions where visibility is severely compromised, such as heavy fog or extreme darkness without proper night vision equipment.
- Ensure that the sight is compatible with your firearm and any additional equipment, such as night vision goggles or magnifying scopes.
- Use the sight only for its intended purpose as a reflex sight; do not modify or attempt to repair it yourself.
- Be aware of your surroundings and ensure that you have a clear line of sight before aiming and firing.

### Instructions for Installation and Usage

#### 1. Installation:

- Ensure that your firearm is unloaded before installation.
- Mount the MEPRO M21 sight securely onto the Picatinny rail of your firearm.
- Tighten the mounting screws to secure the sight, ensuring it is stable and will not shift during use.
- Confirm that the sight is aligned properly with the barrel for accurate aiming.

#### 2. Usage:

- Activate the sight by simply aiming it at your target. The dual illumination system will automatically adjust to ambient light conditions.
- Use the available reticles to suit your aiming preferences. The MEPRO M21 offers five different reticle options for versatility.
- Maintain a proper shooting stance and grip on your firearm while aiming through the sight for optimal accuracy.
- After use, ensure that the sight is turned off if applicable and store it in a safe place.

### Disposal Instructions

- Dispose of the MEPRO M21 sight in accordance with local regulations regarding electronic waste.
- Do not dispose of the sight in regular household waste.
- If the sight contains any replaceable components, such as batteries, follow the manufacturer's

instructions for their disposal.

## **Contact Information for Further Support**

For any questions or concerns regarding the MEPRO M21 Day/Night Self Illuminated Sight, please refer to the manufacturer's contact information provided with your product packaging. Ensure that you have the product details available for effective assistance.

By following these safety instructions, you can enjoy the full benefits of your MEPRO M21 sight while ensuring safe and responsible use. Thank you for your attention to these important safety guidelines.
