

MEPRO M21 DAY/NIGHT SELF ILLUMINATED SIGHT (MIL SPEC) - MEPRO M21 4.3 MOA WITH CARRY HANDLE ADAPTER

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

Self-illuminated and battle-proven reflex sight. Originally developed for the Israel Defense Force (IDF), the Mepro M21 Red Dot Day/Night Self-Illuminated Reflex Sight represents the best of Meprolight® tritium technology and remains on active duty for the IDF and militaries and law enforcement worldwide. A red dot sight with fiber-optic illumination by day, Meprolight® tritium by night, it takes charge of any battlefield with no need for batteries, ever. Its rugged, battle-proven construction meets or exceeds rigorous MIL-STD-810 standards to thrive in the harshest conditions, with five available reticles and a big 30-millimeter lens for maximum situational awareness. Dual illuminated 1X "Red-Dot" reflex sight. The MEPRO M21 provides instant, all-light aiming without batteries. Maintenance FREE! No batteries, No switches always on. Always ready. compatible with carrying handle mount. Tritium and fiber-optic powered that uses ambient light when available during daylight and unique Tritium light source system that ensures bright reticle in low and night light. The transition between the two systems is instantaneous and automatic, ensuring good contrast between the aiming dot and the target area. Tritium luminance is warranted for ten years. Large 30mm diameter lens with five different amber color reticles. MOA or 5.5 MOA dot, Triangle, 4.3 Bullseye, and X. Large field of view for rapid target acquisition. Increases accuracy and speed when firing under pressure. Rugged. Reliable in extreme weather conditions, Used by the Israel Defense Forces, militaries, and law enforcement agencies worldwide. The MEPRO M21 is suitable for Night Vision Goggles or scopes, including those with GEN III tubes and magnifying scopes, such as the Mepro MX3F/T. Easy positioning of Magnifier close to the sight's optics with no decrease in the field-of-view and without compromising convenient switch operation

MEPRO M21 Day/Night Self Illuminated Sight

Safety Instructions

Introduction

Thank you for choosing the MEPRO M21 Day/Night Self Illuminated Sight. This guide provides important safety instructions and usage information to ensure your safety and the optimal performance of this product. Please read this manual carefully before use.

General Safety Guidelines

- Always ensure that the sight is properly mounted and securely attached to your firearm before use.
- Inspect the sight regularly for any signs of damage or wear. Do not use if damaged.
- Keep the sight clean and free from dirt and debris to maintain optimal performance.
- Store the sight in a cool, dry place when not in use.
- This product is designed for adult users. Keep out of reach of children.
- Be aware of your surroundings and ensure a clear line of sight before aiming and firing.
- Always wear appropriate eye protection when using this product.

Specific Safety Precautions for Use

- Do not point the sight at any person or animal when not in use.
- Avoid using the sight in conditions that may impair your vision or judgment (e.g., extreme weather, poor lighting).
- Ensure that the sight is compatible with your firearm and other accessories before use.
- Be cautious when transitioning between day and night modes to avoid sudden brightness changes.
- Always follow the manufacturer's instructions for mounting and adjusting the sight.
- Do not modify the sight in any way. Unauthorized modifications may compromise safety and performance.

Instructions for Installation and Usage

Installation

1. Ensure that your firearm is unloaded and pointed in a safe direction.
2. Select the appropriate mounting location on your firearm.
3. Attach the sight using the carry handle adapter, ensuring it is securely fastened.
4. Verify that the sight is aligned properly with your firearm's barrel.

Usage

- To activate the sight, simply look through the lens. The sight will automatically illuminate based on available light conditions.
- Adjust the reticle brightness if necessary, using the provided adjustment controls.
- Familiarize yourself with the different reticle options available and choose the one that best suits your shooting needs.
- Practice using the sight in a safe environment to become comfortable with its operation.

Disposal Instructions

- Dispose of the sight in accordance with local regulations for electronic waste.
- Do not dispose of the sight in regular household waste.
- If the sight contains tritium, ensure that it is handled and disposed of by a qualified professional.

Contact Information for Further Support

For any questions or concerns regarding the MEPRO M21 Day/Night Self Illuminated Sight, please refer to the manufacturer's website or contact your local distributor for support and assistance.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and enjoyable experience with your MEPRO M21 sight. Your safety is our priority, and we encourage you to reach out for assistance if needed. Thank you for your attention to these important safety measures.
