

# MEPRO M21 DAY/NIGHT SELF ILLUMINATED SIGHT (MIL SPEC) - MEPRO M21 5.5 MOA DOT WITH CARRY HANDLE ADAPTER

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

Self-illuminated and battle-proven reflex sight. Originally developed for the Israel Defense Force (IDF), the Mepro M21 Red Dot Day/Night Self-Illuminated Reflex Sight represents the best of Meprolight® tritium technology and remains on active duty for the IDF and militaries and law enforcement worldwide. A red dot sight with fiber-optic illumination by day, Meprolight® tritium by night, it takes charge of any battlefield with no need for batteries, ever. Its rugged, battle-proven construction meets or exceeds rigorous MIL-STD-810 standards to thrive in the harshest conditions, with five available reticles and a big 30-millimeter lens for maximum situational awareness. Dual illuminated 1X "Red-Dot" reflex sight. The MEPRO M21 provides instant, all-light aiming without batteries. Maintenance FREE! No batteries, No switches always on. Always ready. compatible with carrying handle mount. Tritium and fiber-optic powered that uses ambient light when available during daylight and unique Tritium light source system that ensures bright reticle in low and night light. The transition between the two systems is instantaneous and automatic, ensuring good contrast between the aiming dot and the target area. Tritium luminance is warranted for ten years. Large 30mm diameter lens with five different amber color reticles. MOA or 5.5 MOA dot, Triangle, 4.3 Bullseye, and X. Large field of view for rapid target acquisition. Increases accuracy and speed when firing under pressure. Rugged. Reliable in extreme weather conditions, Used by the Israel Defense Forces, militaries, and law enforcement agencies worldwide. The MEPRO M21 is suitable for Night Vision Goggles or scopes, including those with GEN III tubes and magnifying scopes, such as the Mepro MX3F/T. Easy positioning of Magnifier close to the sight's optics with no decrease in the field-of-view and without compromising convenient switch operation

# MEPRO M21 Day/Night Self Illuminated Sight Safety Instruction Guide

## Introduction

Thank you for choosing the MEPRO M21 Day/Night Self Illuminated Sight. This guide provides essential safety instructions and information to ensure the safe and effective use of your sight. Please read this document carefully before using the product.

## General Safety Guidelines

- Ensure safe use of the MEPRO M21 sight by following these guidelines:
  - Always handle the sight with care to prevent damage.
  - Keep the sight out of reach of children and vulnerable individuals.
  - Ensure that the sight is used only for its intended purpose.
  - Regularly inspect the sight for any signs of damage or wear.
  - Use the sight in accordance with all local laws and regulations.
- In case of any safety concerns, report unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform to stay informed about potential safety issues.

## Specific Safety Precautions for Use

- When using the MEPRO M21 sight, please observe the following precautions:
  - Do not expose the sight to extreme temperatures or harsh environmental conditions beyond its specifications.
  - Avoid using the sight in situations where it may be subjected to excessive shock or impact.
  - Do not attempt to disassemble or modify the sight, as this may compromise its functionality and safety.
  - Ensure that the sight is securely mounted to your firearm before use.
  - Always keep the sight clean and free from obstructions to maintain optimal performance.
- The MEPRO M21 sight is designed for use by adults. It is not recommended for use by children without adult supervision.

## Instructions for Installation and Usage

- Follow these steps for proper installation and usage of the MEPRO M21 sight:

### 1. Installation:

- Ensure that your firearm is unloaded and safe to handle before installation.
- Select a suitable mounting location on your firearm's carrying handle.
- Align the sight with the mounting rail and secure it using the provided mounting hardware.
- Tighten the mounting screws to ensure a secure fit without overtightening.

### 2. Usage:

- Power on the sight by simply using it; it does not require batteries.
- Adjust the sight to your preferred reticle by selecting from the five available options (5.5 MOA dot, Triangle, 4.3 Bullseye, X).

- Use the fiberoptic illumination during daylight and the tritium illumination at night.
- Ensure that the aiming dot is clearly visible against the target area for accurate aiming.

### **3. Maintenance:**

- Regularly clean the lens and housing with a soft cloth to remove dirt or debris.
- Check the sight periodically for any signs of damage or malfunction.

## **Disposal Instructions**

- Dispose of the MEPRO M21 sight in accordance with local regulations regarding electronic waste.
- Do not dispose of the sight in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

## **Contact Information for Further Support**

- For any questions or concerns regarding the MEPRO M21 sight, please consult the manufacturer's website or contact their customer support for assistance.

Thank you for your attention to these safety guidelines. Enjoy the enhanced aiming capabilities provided by your MEPRO M21 Day/Night Self Illuminated Sight. Stay safe and responsible while using this product.
