

MEPRO M21 DAY/NIGHT SELF ILLUMINATED SIGHT (MIL SPEC) - MEPRO M21 TRIANGLE WITH CARRY HANDLE ADAPTER

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

Self-illuminated and battle-proven reflex sight. Originally developed for the Israel Defense Force (IDF), the Mepro M21 Red Dot Day/Night Self-Illuminated Reflex Sight represents the best of Meprolight® tritium technology and remains on active duty for the IDF and militaries and law enforcement worldwide. A red dot sight with fiber-optic illumination by day, Meprolight® tritium by night, it takes charge of any battlefield with no need for batteries, ever. Its rugged, battle-proven construction meets or exceeds rigorous MIL-STD-810 standards to thrive in the harshest conditions, with five available reticles and a big 30-millimeter lens for maximum situational awareness. Dual illuminated 1X "Red-Dot" reflex sight. The MEPRO M21 provides instant, all-light aiming without batteries. Maintenance FREE! No batteries, No switches always on. Always ready. compatible with carrying handle mount. Tritium and fiber-optic powered that uses ambient light when available during daylight and unique Tritium light source system that ensures bright reticle in low and night light. The transition between the two systems is instantaneous and automatic, ensuring good contrast between the aiming dot and the target area. Tritium luminance is warranted for ten years. Large 30mm diameter lens with five different amber color reticles. MOA or 5.5 MOA dot, Triangle, 4.3 Bullseye, and X. Large field of view for rapid target acquisition. Increases accuracy and speed when firing under pressure. Rugged. Reliable in extreme weather conditions, Used by the Israel Defense Forces, militaries, and law enforcement agencies worldwide. The MEPRO M21 is suitable for Night Vision Goggles or scopes, including those with GEN III tubes and magnifying scopes, such as the Mepro MX3F/T. Easy positioning of Magnifier close to the sight's optics with no decrease in the field-of-view and without compromising convenient switch operation

MEPRO M21 Day/Night Self Illuminated Sight

Safety Instruction Guide

Introduction

Thank you for choosing the MEPRO M21 Day/Night Self Illuminated Sight. This guide provides essential safety instructions, usage guidelines, and disposal information to ensure safe and effective use of your sight. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure safe use of the MEPRO M21 by following all instructions provided in this guide.
- Be aware of potential hazards associated with the use of optical sights, including improper installation and use.
- Always check the sight for any visible damage before use. Do not use if damaged.
- Keep the sight out of reach of children and vulnerable individuals.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- **Eye Safety:** Always use the sight in a manner that protects your eyes from potential hazards. Avoid looking directly at the sun through the sight.
- **Environmental Conditions:** The MEPRO M21 is designed for use in extreme weather conditions. However, avoid exposing it to unnecessary moisture or extreme temperatures.
- **Mounting:** Ensure the sight is securely mounted to your firearm or equipment. Follow the installation instructions carefully to prevent accidents.
- **Handling:** Always treat the sight as if it is loaded. Keep your finger off the trigger until you are ready to shoot.
- **BatteryFree Operation:** The MEPRO M21 does not require batteries, but ensure the tritium illumination is functioning properly before use.
- **Compatibility:** Ensure compatibility with your firearm and any additional equipment, such as night vision goggles or magnifying scopes.

Instructions for Installation and Usage

1. Installation:

- Ensure that your firearm is unloaded and pointed in a safe direction.
- Mount the MEPRO M21 sight securely onto the carry handle adapter, ensuring it is firmly attached.
- Adjust the sight to align with your shooting position for optimal accuracy.

2. Usage:

- Before aiming, ensure the sight is clean and free of obstructions.
- Use the fiberoptic illumination during the day and rely on the tritium illumination at night.
- Adjust the reticle settings as needed for your shooting preference.
- Practice safe handling techniques at all times, treating the firearm with respect.

3. PostUse Care:

- After use, clean the sight according to the manufacturer's recommendations.
- Store the sight in a dry, secure location away from children and unauthorized users.

Disposal Instructions

- Dispose of the MEPRO M21 sight in accordance with local regulations.
- As the sight contains tritium, do not dispose of it in regular waste. Contact local hazardous waste disposal services for guidance.
- Ensure that the sight is completely decommissioned before disposal to prevent any potential hazards.

Contact Information for Further Support

For any questions or concerns regarding the MEPRO M21 Day/Night Self Illuminated Sight, please refer to the manufacturer's website or contact their customer support for assistance.

Thank you for your attention to these safety guidelines. Your safety and the safety of others depend on the proper use and care of the MEPRO M21 sight.
