

# MEPRO M21 DAY/NIGHT SELF ILLUMINATED SIGHT (MIL SPEC) - MEPRO M21 OPEN X WITH CARRY HANDLE ADAPTER

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

Self-illuminated and battle-proven reflex sight. Originally developed for the Israel Defense Force (IDF), the Mepro M21 Red Dot Day/Night Self-Illuminated Reflex Sight represents the best of Meprolight® tritium technology and remains on active duty for the IDF and militaries and law enforcement worldwide. A red dot sight with fiber-optic illumination by day, Meprolight® tritium by night, it takes charge of any battlefield with no need for batteries, ever. Its rugged, battle-proven construction meets or exceeds rigorous MIL-STD-810 standards to thrive in the harshest conditions, with five available reticles and a big 30-millimeter lens for maximum situational awareness. Dual illuminated 1X "Red-Dot" reflex sight. The MEPRO M21 provides instant, all-light aiming without batteries. Maintenance FREE! No batteries, No switches always on. Always ready. compatible with carrying handle mount. Tritium and fiber-optic powered that uses ambient light when available during daylight and unique Tritium light source system that ensures bright reticle in low and night light. The transition between the two systems is instantaneous and automatic, ensuring good contrast between the aiming dot and the target area. Tritium luminance is warrantied for ten years. Large 30mm diameter lens with five different amber color reticles. MOA or 5.5 MOA dot, Triangle, 4.3 Bullseye, and X. Large field of view for rapid target acquisition. Increases accuracy and speed when firing under pressure. Rugged. Reliable in extreme weather conditions, Used by the Israel Defense Forces, militaries, and law enforcement agencies worldwide. The MEPRO M21 is suitable for Night Vision Goggles or scopes, including those with GEN III tubes and magnifying scopes, such as the Mepro MX3F/T. Easy positioning of Magnifier close to the sight's optics with no decrease in the field-of-view and without compromising convenient switch operation

# MEPRO M21 DAY/NIGHT SELF ILLUMINATED SIGHT (MIL SPEC) Safety Instruction Guide

## Introduction

Thank you for choosing the MEPRO M21 Day/Night Self Illuminated Sight. This guide provides important safety instructions to ensure the safe use and maintenance of your sight. Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure the sight is used only for its intended purpose.
- Always inspect the sight before use for any signs of damage or wear.
- Keep the sight out of reach of children.
- Be aware of your surroundings when using the sight, especially in outdoor environments.
- Follow all local laws and regulations regarding the use of optical sights.

## Specific Safety Precautions for Use

- Do not attempt to disassemble or modify the sight, as this may compromise its safety and performance.
- Avoid exposing the sight to extreme temperatures or harsh environmental conditions for prolonged periods.
- Ensure that the sight is securely mounted to your firearm before use.
- When using in lowlight conditions, ensure that the tritium illumination is functioning correctly.
- If the sight becomes damaged or malfunctions, discontinue use immediately and seek assistance.

## Instructions for Installation and Usage

### Installation

#### 1. Mounting the Sight:

- Ensure the firearm is unloaded before installation.
- Align the sight with the carrying handle mount on your firearm.
- Securely fasten the sight using the provided mounting hardware, ensuring it is tightly fitted.

#### 2. Adjusting the Reticle:

- Use the adjustment knobs to set the reticle to your desired configuration.
- Test the adjustments at a safe distance to confirm accuracy.

### Usage

- To activate the sight, simply look through the lens. The sight is designed for alllight aiming without the need for batteries.
- In daylight, the fiberoptic illumination will provide a clear view; in low light, the tritium illumination will activate automatically.
- Maintain a proper shooting stance and ensure a firm grip on the firearm for stability.
- Practice target acquisition regularly to improve accuracy and speed under pressure.

## Disposal Instructions

- Dispose of the sight in accordance with local regulations regarding electronic waste and hazardous

materials.

- If the sight is damaged or no longer functional, contact local waste management services for proper disposal methods.
- Do not dispose of the sight in regular household waste.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the MEPRO M21 Day/Night Self Illuminated Sight, please refer to the product packaging for contact information for customer support.

Thank you for prioritizing safety and compliance while using the MEPRO M21. Your attention to these guidelines will help ensure a safe and effective experience with your new sight.
