

MEPRO M21 ACCESSORIES - MEPRO M21 POLARIZER + FLASH GUARD KIT FOR M21

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

Self-illuminated and battle-proven reflex sight. Originally developed for the Israel Defense Force (IDF), the Mepro M21 Red Dot Day/Night Self-Illuminated Reflex Sight represents the best of Meprolight® tritium technology and remains on active duty for the IDF and militaries and law enforcement worldwide. A red dot sight with fiber-optic illumination by day, Meprolight® tritium by night, it takes charge of any battlefield with no need for batteries, ever. Its rugged, battle-proven construction meets or exceeds rigorous MIL-STD-810 standards to thrive in the harshest conditions, with five available reticles and a big 30-millimeter lens for maximum situational awareness. Dual illuminated 1X "Red-Dot" reflex sight. The MEPRO M21 provides instant, all-light aiming without batteries. Maintenance FREE! No batteries, No switches always on. Always ready. compatible with carrying handle mount. Tritium and fiber-optic powered that uses ambient light when available during daylight and unique Tritium light source system that ensures bright reticle in low and night light. The transition between the two systems is instantaneous and automatic, ensuring good contrast between the aiming dot and the target area. Tritium luminance is warranted for ten years. Large 30mm diameter lens with five different amber color reticles. MOA or 5.5 MOA dot, Triangle, 4.3 Bullseye, and X. Large field of view for rapid target acquisition. Increases accuracy and speed when firing under pressure. Rugged. Reliable in extreme weather conditions, Used by the Israel Defense Forces, militaries, and law enforcement agencies worldwide. The MEPRO M21 is suitable for Night Vision Goggles or scopes, including those with GEN III tubes and magnifying scopes, such as the Mepro MX3F/T. Easy positioning of Magnifier close to the sight's optics with no decrease in the field-of-view and without compromising convenient switch operation

MEPRO M21 Accessories Safety Instruction Guide

Introduction

Thank you for choosing the MEPRO M21 Polarizer + Flash Guard Kit for M21. This guide provides important safety information to ensure the safe use of your product. Please read this guide carefully before use to understand the safety precautions, installation instructions, and disposal guidelines.

General Safety Guidelines

- Ensure that the MEPRO M21 sight is used only for its intended purpose as a reflex sight.
- Always handle the product with care to avoid damage or injury.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the sight for any signs of wear or damage before use.
- If the product shows any signs of malfunction, discontinue use immediately and seek assistance.
- Be aware of your surroundings and ensure a safe shooting environment when using the sight.
- Follow all local laws and regulations regarding the use of firearms and related accessories.

Specific Safety Precautions for Use

- **Avoid Direct Eye Contact:** Do not look directly into the sight when it is not mounted on a firearm.
- **BatteryFree Operation:** The MEPRO M21 is designed to operate without batteries. Ensure that the tritium and fiberoptic systems are functioning properly before use.
- **Proper Mounting:** Ensure the sight is securely mounted to the firearm to avoid accidents during use.
- **Weather Conditions:** The MEPRO M21 is rugged and reliable in extreme weather conditions; however, always ensure that it is clean and dry before and after use.
- **Night Vision Compatibility:** When using with Night Vision Goggles or scopes, ensure compatibility to avoid damage to the equipment.

Instructions for Installation and Usage

1. Installation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Remove the existing sight (if applicable) from the firearm.
- Align the MEPRO M21 sight with the mounting rail or carrying handle mount.
- Securely fasten the sight using the appropriate mounting hardware.
- Check that the sight is firmly attached and does not move when shaken.

2. Usage:

- Adjust the sight to your preferred reticle setting using the provided controls.
- Use the fiberoptic illumination during daylight and rely on the tritium illumination during lowlight conditions.
- Maintain a proper shooting stance and ensure a clear field of view when aiming.
- Always be aware of your target and what lies beyond it.

Disposal Instructions

- Dispose of the MEPRO M21 responsibly in accordance with local regulations for electronic waste.
- Do not dispose of the product in regular household waste.
- If the product is damaged or no longer functional, contact your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or further assistance, please contact the manufacturer or refer to the product packaging for additional contact details. Always ensure that you have the latest information regarding safety recalls or product updates.

By following these safety instructions, you can ensure a safe and enjoyable experience with your MEPRO M21 Polarizer + Flash Guard Kit. Thank you for prioritizing safety and responsible usage.
