[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

Self-illuminated and battle-proven reflex sight. Originally developed for the Israel Defense Force (IDF), the Mepro M21 Red Dot Day/Night Self-Illuminated Reflex Sight represents the best of Meprolight® tritium technology and remains on active duty for the IDF and militaries and law enforcement worldwide. A red dot sight with fiber-optic illumination by day, Meprolight® tritium by night, it takes charge of any battlefield with no need for batteries, ever. Its rugged, battle-proven construction meets or exceeds rigorous MIL-STD-810 standards to thrive in the harshest conditions, with five available reticles and a big 30-millimeter lens for maximum situational awareness. Dual illuminated 1X "Red-Dot" reflex sight. The MEPRO M21 provides instant, all-light aiming without batteries. Maintenance FREE! No batteries, No switches always on. Always ready. compatible with carrying handle mount. Tritium and fiber-optic powered that uses ambient light when available during daylight and unique Tritium light source system that ensures bright reticle in low and night light. The transition between the two systems is instantaneous and automatic, ensuring good contrast between the aiming dot and the target area. Tritium luminance is warrantied for ten years. Large 30mm diameter lens with five different amber color reticles. MOA or 5.5 MOA dot, Triangle, 4.3 Bullseye, and X. Large field of view for rapid target acquisition. Increases accuracy and speed when firing under pressure. Rugged. Reliable in extreme weather conditions, Used by the Israel Defense Forces, militaries, and law enforcement agencies worldwide. The MEPRO M21 is suitable for Night Vision Goggles or scopes, including those with GEN III tubes and magnifying scopes, such as the Mepro MX3F/T. Easy positioning of Magnifier close to the sight's optics with no decrease in the field-of-view and without compromising convenient switch operation

MEPRO M21 Accessories Safety Instruction Guide

Introduction

Thank you for choosing the MEPRO M21 Red Dot Day/Night Selfilluminated Reflex Sight. This guide provides important safety instructions and guidelines to ensure the safe use of the product. Please read this document carefully before using the device.

General Safety Guidelines

- Ensure safe use of the MEPRO M21 by following these guidelines:
 - Always handle the sight with care to avoid damage.
 - Keep the sight out of reach of children and vulnerable individuals.
 - Use the sight only for its intended purpose as specified in this guide.
 - Regularly inspect the sight for any signs of damage or wear.
 - Do not attempt to modify or repair the sight yourself.
 - Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- To ensure safe operation of the MEPRO M21, adhere to the following precautions:
 - Do not expose the sight to extreme temperatures, moisture, or harsh environments that could compromise its functionality.
 - Avoid using the sight while under the influence of drugs or alcohol.
 - Always ensure the sight is securely mounted to your firearm before use.
 - Be aware of your surroundings and ensure that the sight is used in a safe and responsible manner.
 - Do not use the sight as a substitute for proper firearm safety training.

Instructions for Installation and Usage

- Follow these steps for proper installation and usage of the MEPRO M21:

1. Installation:

- Ensure the firearm is unloaded before installation.
- Mount the MEPRO M21 to the Picatinny rail or carrying handle as per the manufacturer's instructions.
- Tighten the mounting screws securely to prevent movement during use.

2. Usage:

- Activate the sight by ensuring it is in a welllit area to utilize fiberoptic illumination during the day.
- In low light conditions, the tritium illumination will automatically activate.
- Align the sight with your target using the red dot reticle for accurate aiming.
- Maintain a steady grip on the firearm and be prepared for recoil when firing.
- After use, cover the sight to protect it from dust and debris.

Disposal Instructions

- Proper disposal of the MEPRO M21 is important for environmental safety:
 - Do not dispose of the sight in regular household waste.
 - Follow local regulations for electronic waste disposal.

- If the sight is damaged or no longer functional, contact your local waste management authority for guidance on safe disposal.

Contact Information for Further Support

- For any questions or concerns regarding the MEPRO M21, please refer to the manufacturer's contact information provided in the product packaging. Ensure you have the product details available for a quicker response.

By following these safety instructions and guidelines, you can ensure the safe and effective use of the MEPRO M21 Red Dot Day/Night Selfilluminated Reflex Sight. Thank you for your attention to these important safety measures.
