

# microRDS - RED DOT MICRO SIGHT no Backup sights - microRDS KIT-S&W C.O.R.E-OPTICS READY

[Optics & Mounting](#) > [Electronic Sights](#) > [Reflex Sights](#)

The quickest, easiest upgrade in the history of accuracy. The Mepro microRDS brings the rapid target acquisition of a full-size red dot rifle optic to a compact pistol sight. Featuring a patented quick-detach (QD) adaptor kit that easily mounts using the pistol's existing rear sight dovetail slot; no drilling, tapping or need for a gunsmith. It's the only red-dot solution that instantly mounts and dismounts without having to re-zero, with an adaptor that also gives you a Meprolight® TruDot™ self-illuminated sight as a back-up when the red dot optic is removed. Built to mount in minutes to any pistol with red dot capability. It also serves as an excellent close-quarters red dot sight and backup sight for rifles and shotguns.

# microRDS RED DOT MICRO SIGHT Safety Instruction Guide

## Introduction

Thank you for choosing the microRDS RED DOT MICRO SIGHT. This guide provides important safety information and instructions to ensure the proper use and maintenance of your sight. Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure that the microRDS sight is used only for its intended purpose as a reflex sight for firearms.
- Always handle firearms with care and in accordance with local laws and regulations.
- Keep the sight out of reach of children and unauthorized users.
- Regularly inspect the sight for any signs of damage or wear. If any issues are found, do not use the sight and contact a qualified professional.
- Be aware of your surroundings and ensure a safe environment when using your firearm equipped with the microRDS sight.
- Follow all manufacturer recommendations for the use and maintenance of the sight.

## Specific Safety Precautions for Use

- Do not attempt to disassemble or modify the microRDS sight in any way.
- Always ensure the firearm is unloaded before installing or removing the sight.
- Use the sight only in appropriate lighting conditions. Excessive brightness or glare may affect visibility.
- If using the sight in lowlight conditions, ensure that the selfilluminated feature is functioning properly.
- Avoid exposing the sight to harsh chemicals or extreme temperatures, which may compromise its integrity.
- Ensure the sight is securely mounted before use to prevent accidental dislodging.

## Instructions for Installation and Usage

### Installation

1. **Prepare the Firearm:** Ensure the firearm is unloaded and pointed in a safe direction.
2. **Remove Existing Rear Sight:** Carefully remove the existing rear sight from the firearm using appropriate tools.
3. **Attach the microRDS Sight:**
  - Align the microRDS sight with the rear sight dovetail slot.
  - Use the provided quickdetach (QD) adaptor kit to secure the sight in place.
  - Ensure that the sight is firmly attached and does not move.
4. **Check Alignment:** Confirm that the sight is properly aligned with the barrel of the firearm.
5. **Rezero the Sight:** If necessary, adjust the sight to ensure accurate targeting.

### Usage

- When aiming, ensure your eye is aligned with the sight for optimal accuracy.
- Use the red dot to quickly acquire your target while maintaining situational awareness.
- If the sight is removed, remember to check the backup Meprolight® TruDot™ sight for functionality.
- After use, remove the sight if not needed or store the firearm in a safe location.

## **Disposal Instructions**

- When disposing of the microRDS sight, follow local regulations for electronic waste and firearm accessories.
- Do not dispose of the sight in regular household waste.
- Consider recycling options for the sight and its components whenever possible.

## **Contact Information for Further Support**

For any questions or concerns regarding the microRDS sight, please contact the manufacturer or your local dealer for assistance. Ensure you have the product details and any relevant information ready for a quicker resolution.

Thank you for choosing the microRDS RED DOT MICRO SIGHT. Your safety is our priority. Please ensure you follow all safety guidelines and instructions to enjoy a safe and effective experience.
